Engineers, Council Show Affirmative Interest in State-U. S. Sewer Plan

By HARRY BARNES
Press-Record Staff Writer

Preliminary steps in a proposed \$7.5 million program for construction of a secondary sewage treatment plant and a system of interceptor sewers were presented to Granite City Council members Monday night.

Mayor Donald Partney noted that he has invited engineering firms to submit tentative proposals for handling the engineering and planning work.

The council accepted and filed a letter from Horner & Shiffrin, St. Louis planning engineers, in which the firm requested it be permitted to handle engineering work on the proposed sewage plant and sewer construction program.

Alderman Steve Basarich, chairman of the Pollution Plant Committee, at first suggested that the request by Horner & Shiffrin be accepted, but withdrew that motion after Mayor Partney told the aldermen that he had written all major engineering firms and suggested they write the city in regard to proposed services. An engineer then may be selected later from among the various offers.

Basarich Urges Action Soon
Basarich, referring to the letter from Horner & Shiffrin and its suggestion that deadlines be set for the project, said that the council should act soon in the matter.

It was the first council discussion of the project. No opposition to the program was indicated in Monday night's meeting.

The engineering firm's letter reported that original deadlines under state and federal regulations, calling for installation of secondary sewage treatment facilities by Dec. 31, 1975, appear certain to be revised.

The letter informed city officials the deadline may be advanced to Dec. 31, 1973, in which case, the engineering firm added, Granite City would be hard pressed to complete secondary pollution treatment facilities within the allotted time.

A plan to build a secondary sewage treatment plant in Granite City at a cost of approximately \$4 million and a project to build a sewage treatment plant at a cost of an estimated \$3.5 million was announced three weeks ago by Mayor Partney.

At that time, the mayor said Granite City would be required to pay only 20% to 25% of the total cost as the result of federal and state funds available for anti-pollution developments.

Part of State Bond Issue
The mayor said he discussed the plan with the new Illinois State Environmental Agency and was told the state would finance 25% to 30% of such a project out of the \$750 million bond issue approved in the Nov. 3 election.

Partney said the tentative plans also have been given a go-ahead by federal officials. Under present financing programs, the federal government could be expected to finance 50% of the proposed Granite City plan, the mayor said.

The proposed secondary treatment facility would consist of an addition to the present Granite City sewage treatment plant, built adjacent to the present plant.

Interceptor Lines
New interceptor sewers would consist of additional lateral lines increasing operations at the plant.

Two or three smaller boys attempted to get the girls out of the ice when the ice suddenly broke plunging both girls into the water up to their shoulders.

Yarady quoted her daughter as saying, "I was scared, but I didn't know what to do."

The small lake, reportedly deep in parts and used for fishing in summer months, had been tested Monday by Madison County sheriff's deputies. The officers were summoned by a nearby resident who expressed concern for the safety of children playing on the unsound ice.

The deputies warned the youngsters not to skate on the pond as the ice was too thin and needed at least three inches more for safety.

About ten "fairly large" boys were playing hockey on Miller's Pond when Terry Varady and Vicki Vankirk arrived with their skates Tuesday afternoon. The girls believed the surface was safe.

Candidates File
The filing period for the township elections opened Monday and will close Feb. 1.

The question still remains as to whether there will be an election of assistant supervisors in April, due to an Illinois attorney general's opinion that present assistant supervisors will remain in office until May 1972, when the county board will be cut by 20 members.

The three members of the township board will be cut by 20 members.

Property valued at more than \$1,050 was stolen in a burglary at the home of Ronald Law, 2827 Washington Ave., after 4:30 p.m. Tuesday. The rear door was forced open to gain entry.

Items missing and their values included a portable 21-inch television set, \$100; an automatic shotgun, \$150; a .22 caliber rifle, \$60; a scope, \$35; a movie projector, \$200; a camera, \$25; a tape recorder, \$30; a jewelry box with jewelry, \$200; a charm bracelet, \$85.

A lady's black fur finish coat with a white collar, \$50; a man's black suit, \$50; a 22-caliber automatic pistol, \$50; two yellow suitcases, \$25; a hand warmer and hunting knife, \$14; and man's and lady's yellow gold rings, \$15.

Also taken were an antique muzzle loader gun, assorted tools, a tackle box with fishing equipment, two rods and reels, a watch, a record album, five bottles of cologne and a movie camera.

House Looted
The home of Larry Ward, Alton Avenue, Madison, was looted in a burglary while the family was visiting in Missouri over the Christmas holidays. It was reported to Madison County authorities on Monday. Entry was gained by prying the bathroom window.

Items taken and their values were a portable stereo, \$175; a clock radio, \$30; two table lamps, \$20 each.

2 Girls Rescued as Ice on Pond Breaks

Ice covered ponds during youngsters to skate and play on the newly disgusted surfaces. They are creating a hazard in this area. A tragedy was averted yesterday when two young girls were rescued after falling through ice into chin-deep water.

Granite City High School sophomore and an unidentified man were credited with rescuing the two 11-year-old girls who plunged through the ice on Miller's Pond, at the rear of Stratford Lane, near Snowbird Lane, at 2 p.m. yesterday.

The small lake, reportedly deep in parts and used for fishing in summer months, had been tested Monday by Madison County sheriff's deputies. The officers were summoned by a nearby resident who expressed concern for the safety of children playing on the unsound ice.

The deputies warned the youngsters not to skate on the pond as the ice was too thin and needed at least three inches more for safety.

Route 203 Widening in 1971 Highway Program

A \$483.7 million Illinois highway building and improvement program for 1971 — including more than \$100 million for district 8 which includes Madison County — was announced at Springfield yesterday by Governor Richard B. Ogilvie.

The statewide program — largest in Illinois history — is \$60.9 million more than \$100 million for district 8 which includes Madison County — was announced at Springfield yesterday by Governor Richard B. Ogilvie.

Among projects scheduled for construction in Madison County during 1971 is the widening to four lanes and resurfacing of Route 203 from the north Granite City limits to Interstate 270 at Mitchell. Estimated cost of the project is set at \$1.4 million, exclusive of the cost of right-of-way which has been secured for the project during the past several years.

The Route 203 project was initiated three years ago by the district highway office at French Village, but construction was delayed by the federal fund freeze ordered by government officials in July, 1968.

Other Madison County projects scheduled in the new road program includes intersection improvements on Route 111 at Alby Street in Alton, at an estimated cost of \$675,000, and four-lane paving of Route 111 from

Fosterburg Road to west of Powder Mill Road, and from Cottage Hills Road to Route 111 west of Bethalto at estimated cost of \$1.8 million.

Provisions for right-of-way acquisition for future construction schedules \$200,000 for FA Route 151 (The Great River Road) from Niedringhaus Avenue in Granite City to Broadway in Venice.

The program for Interstate work includes in Madison County the scheduled reconstruction, resurfacing, frontage roads and lighting on Interstate 55 from Interstate 270 to Illinois Route 4 at Worden at an estimated cost of \$10.6 million.

Highway engineers of district 8 at French Village said the \$10.6 million allocation for the district is the largest in the state outside of Chicago and

Expenditures Trigger Possible Legal Clash In Nameoki Township

Long-smoldering differences between Nameoki Township Supervisor Harry Briggs and other members of the Nameoki Township Board flared into an open clash Monday night at a regular town meeting in which Briggs demanded that William Schooley, township attorney, file misconduct charges against Louis Whitsell, town clerk.

The dispute developed over the method used in payment of a \$13,806 bill to Midwest Black Top Roads, Inc., a bill that Whitsell and town board members claim was paid in its entirety by Briggs after the supervisor and board members had agreed to break down the bill into two payments.

Whitsell and Town Board Members Douglas Teeter, Robert Beedle and Kenneth Gieson, who are aligned politically against Briggs in a struggle for political control of township activities, contended that the full payment of the bill against the 1969-70 budget resulted in a deficiency in the Special Hard Road Fund appropriation.

Brief Discussion
Only brief discussion of the bill occurred before Briggs turned to Schooley and remarked that he was instructing Schooley to file charges against Whitsell "and let the courts decide who is right or wrong about this bill."

Briggs remarked that he had paid the bill in one check and that "the payment was legal."

It was the first meeting Briggs had attended during the past two months.

During that period, Whitsell and the other board members also criticized the supervisor for payment of a \$22,000 bill, also to Midwest Black Top Roads, which they maintained had not been authorized for payment.

Whitsell charged the voucher had been taken from his desk and paid by Briggs.

Briggs said he paid the bill

\$387,985 Allocated to United Fund Agencies

The Tri-Cities United Fund board, meeting yesterday afternoon at the YMCA, voted to distribute \$387,985 from the fall campaign to member agencies to help meet their operating costs during 1971.

The "Y" received \$73,000. Boy Scouts \$50,000, Red Cross \$36,000, Catholic Charities \$33,500, Coordinated Youth Services \$30,000, Salvation Army \$22,800, Girl Scouts \$18,000, Protestant Welfare \$18,000, AFL-CIO Community Services \$12,140, Alcoholics Rehabilitation Community Home \$10,000, Visiting Nurse Association \$6,600, Illinois Children's Home and Aid, also \$6,600, Granite City Association for Retarded, United Service Organizations (USO) \$5,900, Health Service Fund \$4,750, Family Service Agency \$4,000, Madison Teen Town \$3,000, Arthritis Foundation \$2,800, Fraternal Society of Retired Members \$1,800 and national agencies, \$770.

Also listed in the allocation were \$28,325 for United Fund administration, \$6000 campaign expense and \$6000 shrinkage.

A copy of a petition opposing a site at 3521 Johnson Road was forwarded for consideration by the Salvation Army board.

Babson's Economic Forecast--Improvement Likely During 1971

Copyright, 1970, Babson's Reports, Inc.

A year ago, our forecast for 1971 cited the "freedom" year, which has plagued four of the past five decade-opening years. It was our prediction that 1970 would suffer a similar fate. For the better part of 1970, financial markets, industrial activity, inflation, the labor situation, world problems unemployment and civil disorders have created some unenviable moments.

1971 Looks Brighter
By and large, 1971 should be able to chalk up a better performance on many fronts. Part of this improvement will be due to the absence of a number of the perils which beset portions of 1970. The protracted Teamsters' and United Auto Workers' strikes, for example, exacted a heavy toll from general business.

21 DAYS WITHOUT A QUAD-CITY TRAFFIC FATALITY

Therefore, the Babson's Reports staff expects the Nixon Administration to take a more active role during 1971 in stimulating the economy and in enlisting labor and management help in the battle to control cost-push inflation.

Net All Clear Sailing
Last readers of this forecast view 1971 with complacency, however, the staff of Babson's Reports sees a number of potential dangers which the nation and its economy must contend with.

The real possibility of a labor tie-up in the steel industry, for example, poses a danger to industrial activity on a par with the disruption caused by the UAW's strike against General Motors.

Moreover, inflation and an uncomfortable high level of unemployment seem destined to be problems with which the nation must contend.

..BIRTHS..

Births recorded at St. Elizabeth Hospital:

GIRLS
Mr. and Mrs. George Gough, 3083 Wayne Ave., Dec. 28, Della Fay, six pounds, 11 ounces.

Mr. and Mrs. Edwin Meyers, 2712 Denver St., Dec. 28, seven pounds, six ounces.

Mr. and Mrs. Danny Farley, 2712 Denver St., Dec. 28, eight pounds, 15 ounces.

Mr. and Mrs. David Schoenfeld, 2131 Edison Ave., Dec. 29, Kristen Deane, eight pounds, 14 ounces.

Mr. and Mrs. Richard Dunning, 1105 McCambridge Ave., Madison, Dec. 29, Clara Marie, seven pounds, 11 ounces.

Mr. and Mrs. Thomas C. Schaefer, Jr., 252 Sunny Shores, Dec. 29, Karen Jamie, eight pounds, 14 ounces.

Mr. and Mrs. Milford Talley, 1840 Spring Ave., Dec. 29, Jamie Lynn, six pounds, eight ounces.

Mr. and Mrs. Ralph Koelker, 444 Lincoln Ave., Venice, Dec. 29, eight pounds, six ounces.

Mr. and Mrs. Charles Yager, 1709 Courtney Blvd., Dec. 28, eight pounds, 13 ounces.

Mr. and Mrs. Charles Stevenson, 2024 Alton Ave., Madison, Dec. 28, Steven Ray, eight pounds, six ounces.

Mr. and Mrs. David Kimbro, 2025 Denver St., Dec. 29, Mark Edward, seven pounds, six ounces.

Mr. and Mrs. Donald Lee, 17 Terrace Lane, Dec. 29, seven pounds.

CLOSE INSPECTION. New fire truck delivered to Mitchell Fire Department is checked by Fire Chief Lee Paul and State Sen. Sam Vadalabene. The new \$27,500 pumper will handle 750 gallons of water per minute and includes such features as a foam generator, air brakes, a 950-gallon water tank, portable pump, extending floodlights and a preconnected one and a half-inch hose on an electric reel.

MORE ABOUT

Babson's

Nixon Administration and the monetary authorities may have to contend through 1971.

Summary, however, unless these potential pitfalls become extreme, healthier business should be the rule for 1971 compared with the wretched year of 1970.

Inflation Still Awesome

Problem

A year ago, we labeled inflation the Public Enemy Number One for 1970.

This forecast, unfortunately, was all too apropos, as the upward center of the indexes of consumer prices, wholesale commodity prices, and labor costs in 1970's dramatically proved.

Although there may be interludes when supply-demand ratios in selected areas raise hopes of some progress in the fight to harness inflation, it promises once again to be a top issue in 1971.

Despite indications that the Nixon Administration will adopt a harder line against the exorbitant escalation of wages and prices, the die has been cast for another upward twist in the wage-price spiral.

The lush new labor, pacts inked by auto firms, the signal gains won by the Teamsters, and automatic wage increments under terms of existing multi-year pacts in other industries provide jolty, goals for labor's negotiating teams working on new contracts during 1971.

On the price front, the squeeze on profits and the resolute uptrend in wage costs leave management no alternative but to raise prices.

In addition to the cost-push factor other forces could also fan the flames of inflation. For one thing, la-

Granite City PRESS-RECORD
Page 2 Wed., Dec. 30, 1970

ber's productivity has not yet improved significantly. Another consideration is the likelihood that the Federal Reserve will continue to ease credit, on balance, as it has in the past year.

And it may be forced to go further than desirable, at times, in order to create a credit climate favorable to the Treasury's regular refinancing needs plus the new financing that will be required to fund the fiscal 1971 federal budget deficit, estimates of which range anywhere from \$10 billion to \$20 billion.

The Babson's Reports staff estimates a deficit around \$15 billion for fiscal 1971; but it could be much higher.

President Nixon's budget for 1972, covering twelve months from July 1, 1971 through June 30, 1972, is not yet available, but another sizeable deficit seems unavoidable.

Labor Co-Stars on Trouble Scene

The economy was dealt a one-two punch during 1970 by the Teamsters' and United Auto Workers' strikes. But there were a host of other less publicized walkouts.

Net result was a skyrocketing of production time lost due to labor disputes. The only major 1971 promise little relief from the strike factor.

A lengthy series of labor pacts expire in the next twelve months. Among the more significant are the following:

Contracts with the major metal container producers run out on Feb. 14; the aluminum industry has a May 31 deadline; the copper producers' pacts expire June 30; and the all-important United Steel Workers' contracts with the steel industry end July 31.

In addition, contracts covering approximately 80,000 dock workers are up for renewal in 1971, involving the International Longshoremen's Association working the Atlantic and Gulf ports, and the International Longshoremen and Warehousemen Union on the Pacific Coast.

Productive Capacity — Helpmate and Villain
As 1971 debuts, American industry is operating well below its theoretical capacity.

Moreover, new plant and equipment projects started prior to the deceleration of capital outlays last year will be coming on stream in 1971.

The nation's productive capacity—which is growing in might and efficiency—provides at least a measure of hope that inflation can be kept within tolerable bounds.

Excess productive capacity relative to current levels of demand tends to moderate the severity of price mark-ups, while the use of efficient facilities can bolster profit margins.

But there is another face to the productive capacity factor. Due to the large gap between productive potential and near-term demand, the urgency to increase new plant and equipment has moderated noticeably.

Hence the Babson's Reports staff does not expect business men immediately to resume the expansive rate of outlays for new equipment which marked the economic boom of the last decade.

To the extent that recent cutbacks in business capital expenditures are not fully restored, progress of the economic revival in 1971 could be restricted.

Overall, there should be an upward trend in business capital expenditures, but much of this will be due to price inflation. On a physical volume basis, the increment will not be as significant.

However there could be some assistance if efforts to stimulate the economy incorporate measures restoring even part of the investment tax-credit incentive to capital expenditures.

Physical volume of construction in 1970 slipped below that of 1969, reflecting the low level of new housing building during part of the year.

However, as monetary conditions ease, the building industry is expected to pick up.

The staff of Babson's Reports forecasts increased vigor in the housing field in 1971. In the move to revitalize the economy, new home building is paramount, and some steps have already been taken to assist housing.

Residential vacancies negligible and the nation on the threshold of a surge in new housing formation. The need for new housing facilities is certainly present.

Thus, with mortgage money more readily available and mortgage interest rates likely to ease some in 1971, the home building field should provide important support for the economy.

The outlook for commercial and industrial construction, however, is less promising. Reflecting deceleration of business capital expenditures, the non-residential building sector is likely to evidence sluggishness in 1971.

In public construction, the holdback in federal spending for new projects because of budget and anti-inflation constraints, plus the stringent credit climate, restricted 1970 activity.

But in the ease in credit and the termination of federal holdbacks on new construction outlays should enable this phase of the industry to contribute to the overall economic improvement looked for in the ensuing months.

As the recovery in residential building gains momentum, and as consumers loosen their purse strings, production and sales of home furnishings, building materials and supplies and lumber should show marked improvement.

1971 Economic Profile
The staff of Babson's Reports envisions a strong business tempo in the first half of 1971.

Depending upon the scope and length of tie-ups in the steel and copper industries, however, at least a significant slowdown seems unavoidable for a portion of the second half.

If the steel workers "hit the pavement," industrial production will encounter a downturn after midyear.

But even if the now apparently remote possibility of an amicable settlement occurs, there

*** MUSICAL BELLRINGERS.** The Madison Junior High School "Brass Choir" volunteered their services as Salvation Army bellringers last week, playing at their collection points until their instruments froze up. The boys collected enough money to light three bulbs on the Salvation Army Tree of Lights. Left to right are Tim Fisk, Tim Schrader, Robin Durko, Gary Doza, Joan Hollanbeck and Tim Harris.

will be a "breathing spell" in industrial production, as the steel companies and their customers work off strike-hedge stockpiles.

Toward the end of the year, renewed buoyancy should be in evidence.

Strength in the first half of 1971 will not be uniform. During the first quarter, we project a deflated picture of factory output. This will be due largely to the carryover of post-strike catchup efforts in the automotive industry.

The impact will be augmented by inventory accumulations in preparation for labor troubles in the industries cited earlier.

The second quarter of 1971 will likely see a leveling-off in the business climb as the automotive field returns to normal levels of operation.

Thus the crucial phase is expected to center in the third quarter of the year when the steel industry must cope with the United Steelworkers.

The fourth quarter is likely to encounter some lethargy to begin with, but a show of strength should close out the year.

Throughout 1971, residential building is expected to provide a measure of strength for the economy.

Since consumers may require some additional time — and a spell of good business — to find confidence sufficiently, unless the pent-up buying potential, not too much vitality is anticipated during the first half of the year from consumer spending.

But the tide should turn more favorably in the second half, and particularly in the fourth quarter.

Trillion-Dollar Economy
The nation's Gross National Product should rise to a new record level in 1971, with the year's average exceeding the trillion-dollar mark.

This measure of the dollar value of goods and services produced, in current dollars, is expected to average approximately 6% above the rate for 1970.

However, much of the gain will stem from price increases; on a deflated basis, Gross National Product will show a much smaller increment, perhaps approximately 3%.

Greatest part of the strength is expected to occur during the first half-year, with the first three months evidencing most of the vigor, yet with the second quarter sustained at a high level.

The second half of 1971 will see a degree of pullback from the first half, with labor conditions the primary determinant.

Consumer Spending Slated for Revival
One of the disappointing aspects of 1970's business picture was the tight-fisted attitude of consumers. Despite the peak years of personal income, consumers boosted their savings.

With the unemployment problem likely to remain a source

of concern in much of 1971, the task of reviving consumer confidence will be difficult.

We anticipate only moderate gains in consumer spending in the forecast of the year; but strength should become more evident as the year progresses, with 1971 closing out vigorously.

Personal Income

The General Motors strike and layoffs in defense-related lines caused a tapering-off in the upward trend of personal income in the second half of 1970.

The stronger trend should be resumed in 1971, but the bulk of the upturn is expected in the first six months of the year, with some tapering off during the second half.

Fresh wage boosts under new labor pacts signed during the year, automatic step-ups in wage rates under existing multi-year contracts, pay boosts for federal, state, and municipal employees, and upward wage adjustments triggered by cost-of-living escalator provisions will combine to propel personal incomes upward.

Employment Conditions

On the strength of brisk factory operations in the first half of 1971, total employment is expected to post some gains in the new year.

But the pinch on profit margins plus high labor costs, will tend to restrain job expansion.

With the natural growth of the population and the retirement of U. S. armed forces overseas, the economy may be hard put to absorb all the labor in the civilian labor pool.

Unemployment, close 6 1/2% of the available labor force as 1970 drew to a close, seems destined to edge past the 6% mark before relief is encountered.

Taxes

Because of the top priority economic stimulus is slated to receive in 1971, the Babson's Reports staff anticipates little change in personal income tax and corporate profits-tax rates at the federal level.

But somewhat heavier federal levies toward the year's end should not be ruled out if inflation gets out of hand.

The tax burden will surely be heavier at state and municipal levels, occurring in a wide range of levies including those on incomes, corporate profits, sales and inheritance.

Business Profits and Dividends
Corporate profits after taxes in 1971 are expected to show a better year-to-year comparison than was the case in 1970. We forecast an increase of some 7%.

However, the profits outlook will take on its healthier hue primarily because of the comeback from the lean year just past.

Nevertheless, businessmen must stay on their toes during the next 12 months, since cost pressures will keep nagging away at profit margins, even though anticipated higher rate or general business and price markups should give a fillip to earnings.

The degree of improvement in profitability could look quite impressive for those companies which turned in poor earnings results in 1970 due to strikes, inventory losses and other overs in accounting procedures for the handling of sales and profits not yet earned.

Reflecting the improvement in profits, the outlook for corporate dividend disbursements in 1971 is more promising than in 1970.

While a spate of generous dividend rate increases is not anticipated, we do recognize the change for the better in corporate liquidity.

So the Federal Reserve will encourage monetary policy to take a somewhat more liberal view toward dividend payouts.

Further Easing in Credit Conditions

In 1970, monetary authorities expanded the nation's money supply at a rate which seemed somewhat on the generous side.

As 1971 unfolds, prospects for bond prices, particularly in issues bearing near- and intermediate-term maturities.

Only sustained bond demands for long-term capital funds kept prices for long-term bonds from posting commensurate gains.

As 1971 unfolds, prospects for a continuation of firm-to-higher bond prices. Monetary policy will stimulate the economy should enable money rates to ease a little further. This will be translated into somewhat higher bond prices.

Just how much further bond prices will advance will be determined by the degree of aggressiveness which the Administration and the Federal Reserve exhibit in seeking to lift the economy.

Also, in the second half—and particularly toward the end of the year—the economy should be on a sufficiently strong footing, to create more active demand for short-term and long-term credit. This could push interest rates back upward.

Even though the extremely generous yields available on bond investments a few short months ago have been pared, investors who require a solid source of fixed income can find reasonably rewarding bonds among the intermediate- and long-term bonds.

There are also some less-lucrative-yield convertible bonds and preferred stocks which can provide inflation-hedge protection via their conversion privilege.

Stock Market Prospects

Threat of a massive liquidity crisis for debt-laden corporate enterprises, and the shock of the Cambodian invasion, sent stock prices sharply lower during most of the first half of 1970.

But when investors realized that monetary policy had shifted convincingly to an anti-inflation posture, the stock market rallied sharply from late May until midsummer.

There followed a fairly confined trading range until the latter part of November, when a lowering of money rates sparked a new flurry of buying which carried the Dow-Jones Industrial Average out of its range of price consolidation phase.

Even though the stock market has already recouped a good deal of the ground lost since the long decline began in late 1968, participation in the rally has been confined to a fairly small segment of the market.

Thus, there is still ample room for the rally to broaden. With the advantage of expansive monetary and fiscal policies, the Babson's Reports staff foresees an extension of the late 1970 upturn.

Earnings reports more favorable than those of a year ago will also help to bolster investor confidence in the early months of 1971. Thereafter, worries over the steel industry's labor situation may instill renewed caution.

Overall the stock market is not likely to experience a sustained upsurge into new high ground in 1971.

Limiting forces include the restraint upon corporate profits by higher increases, unmet needs over international developments and labor problems.

Hence, there will be spells of uncertainty as regards the stock market in 1971. A plus factor of significance, however, is the still well-deflated position of a majority of stocks.

Thus continue to be attractive opportunities for investors who have thus far failed to participate in the market rally. For those operating under a conservative investment program.

In the long-pull growth area, the Babson's Reports staff favors selected issues in the drug and hospital supply, petroleum, utilities, life insurance, and offshore oil and gas industries.

Certain undervalued and depressed cyclical issues offer opportunities for capital appreciation—particularly in the building-related home furnishings, food, automotive equipment, precious metals, trucks, and other transportation fields.

But in view of the many areas of uncertainty, emphasis should be placed upon stocks of companies which are well established and capable of achieving profitability in conjunction with the anticipated business betterment.

In addition to beefing up the ailing economy, the Nixon Administration can be expected to move closely to the established "Vietnamization" policy to forestall any further erosion of the GOP's 1972 Presidential hopes.

As for other world areas, U. S. foreign policy seems likely to stress persuasion rather than military involvement, in hope that the combatants can amicably resolve thorny issues.

In 1971, the greater danger on the international front may be in the trade and financial sectors.

The new Congress will have to tangle with the Trade Bill once again.

Because of the likelihood of a massive federal budget deficit—and with the emphasis upon credit-easing measures to move the economy forward—the U. S. balance-of-payments position could once more be in jeopardy.

The important European currency bankers are renowned for their abhorrence of budget deficits; hence, a monetary deficit could fall into disfavor again.

Such a development could cause another "flight from the dollar" and thus a grossly inadequate gold reserves.

While these dangers are serious, they should not be lightly dismissed, we forecast that economic and inflation problems, which are plaguing much of the leading Free World nations as well as the United States, will take enough pressure off the dollar in international currency markets to avert devaluation in 1971.

Bond Market Outlook

The strategized uptrend in money rates resulted in a severely downtrended bond market during much of 1970.

However, toward the end of the year the series of reductions in short-term money rates prompted a vigorous rally in bond prices, particularly in issues bearing near- and intermediate-term maturities.

Only sustained bond demands for long-term capital funds kept prices for long-term bonds from posting commensurate gains.

As 1971 unfolds, prospects for a continuation of firm-to-higher bond prices. Monetary policy will stimulate the economy should enable money rates to ease a little further. This will be translated into somewhat higher bond prices.

Just how much further bond prices will advance will be determined by the degree of aggressiveness which the Administration and the Federal Reserve exhibit in seeking to lift the economy.

Also, in the second half—and particularly toward the end of the year—the economy should be on a sufficiently strong footing, to create more active demand for short-term and long-term credit. This could push interest rates back upward.

Even though the extremely generous yields available on bond investments a few short months ago have been pared, investors who require a solid source of fixed income can find reasonably rewarding bonds among the intermediate- and long-term bonds.

There are also some less-lucrative-yield convertible bonds and preferred stocks which can provide inflation-hedge protection via their conversion privilege.

Stock Market Prospects
Threat of a massive liquidity crisis for debt-laden corporate enterprises, and the shock of the Cambodian invasion, sent stock prices sharply lower during most of the first half of 1970.

But when investors realized that monetary policy had shifted convincingly to an anti-inflation posture, the stock market rallied sharply from late May until midsummer.

There followed a fairly confined trading range until the latter part of November, when a lowering of money rates sparked a new flurry of buying which carried the Dow-Jones Industrial Average out of its range of price consolidation phase.

Even though the stock market has already recouped a good deal of the ground lost since the long decline began in late 1968, participation in the rally has been confined to a fairly small segment of the market.

Thus, there is still ample room for the rally to broaden. With the advantage of expansive monetary and fiscal policies, the Babson's Reports staff foresees an extension of the late 1970 upturn.

Earnings reports more favorable than those of a year ago will also help to bolster investor confidence in the early months of 1971. Thereafter, worries over the steel industry's labor situation may instill renewed caution.

Overall the stock market is not likely to experience a sustained upsurge into new high ground in 1971.

Limiting forces include the restraint upon corporate profits by higher increases, unmet needs over international developments and labor problems.

Hence, there will be spells of uncertainty as regards the stock market in 1971. A plus factor of significance, however, is the still well-deflated position of a majority of stocks.

Thus continue to be attractive opportunities for investors who have thus far failed to participate in the market rally. For those operating under a conservative investment program.

In the long-pull growth area, the Babson's Reports staff favors selected issues in the drug and hospital supply, petroleum, utilities, life insurance, and offshore oil and gas industries.

Certain undervalued and depressed cyclical issues offer opportunities for capital appreciation—particularly in the building-related home furnishings, food, automotive equipment, precious metals, trucks, and other transportation fields.

But in view of the many areas of uncertainty, emphasis should be placed upon stocks of companies which are well established and capable of achieving profitability in conjunction with the anticipated business betterment.

Thus continue to be attractive opportunities for investors who have thus far failed to participate in the market rally. For those operating under a conservative investment program.

College Slang Puzzling To Some Folks at Home

Come the holiday season, the college kids split (depart) for home and find the parent folk may have trouble communicating. Particularly if there are two or more college kids in the house at the same time.

That's because the young, like the young of all recent times, speak from a kind of group glossary that is interlarded with slang and argot that may not mean what it appears to suggest.

Slang changes all the time and means different things in different places, so it would be foolish to try and fix campus usage in dictionary form.

But some baseline jargon may help. It seems to be current generally. Bad and argot, peculiar to any specific culture, and highly specialized references are omitted.

BAD — In fact means good, or excellent.

BUMMER — Bad in the accepted sense. "I dated her roommate but it was a real bummer."

BREAD — Money.

BAG — One's special interest or competence. "Politics is his bag." Becoming passe, though.

CRASH — To go to bed; fall asleep.

CRIB — Where you live or crash. "I'll rattle your crib" (call you on the telephone or stop by).

CHOPPER — Customized motorcycle.

DOWN — Very good, out of sight, or bad.

DOWNER — Not all that good, perhaps depressing.

FLICK — Movie.

FOX — A very good looking girl.

FREAK — Someone characterized by excessive inclinations or affections. "He's a bike (motorcycle) freak."

FAR OUT — Anything excessively groovy or, alternatively, absurd. "She says the world is flat. Far out."

HACK — A car. Also accomplishment. "I can hack that."

GETTING IT ON — Moving into some kind of active mood.

GROOVE — Still means a good thing or bag.

GREASER — One who slicks down his hair, wears white socks or is otherwise out of a female.

HEAVY — Extremely involved, emotion-gripping or mind-bending. Also ascribed to one whose convictions are considered sincere and important.

"HEY, MOMMA" — Greeting to a female.

HOG — A big, flashy car or motorcycle.

LIKE — This is complicated. It isn't a verb, transitive or intransitive, nor is it an adverb or adjective.

NATURAL HIGH — An elation having nothing to do with artificial stimulants of any kind. Looking at stars on a clear evening, for example, might induce a natural high.

PROGRAM — What one it into or about; what one's personal characteristics add up to.

RIGHT ON — An expression of approval, spirited consent, understanding.

RIP OFF — To take something that isn't yours. To steal.

SPACY — Sort of out of it; not too bright.

TOGETHER — Completely in control of one's faculties; aware; self-possessed or assured. "Man, I've got it all together."

TOUGH — Sharp, stylish, smart.

TRIP — The particular thing someone is into at any time. "She's ego-tripping."

WOW — This falls somewhere in the same bag with "like," and is just as over-used. It can mean anything from a response to an exciting prospect ("Oh, wow") to a flat dismissal ("Oh, wow").

Don't cut out and save. They all may be nowhere by tomorrow. If they aren't by now, college slang is like that — private and perishable.

EAGER TO TAKE HOME their holiday gifts, youngsters crowd around the counter at Carp's Department store while saleslady, Mrs. Etta Whitson, packs dresses and coats purchased last week by Granite City Jaycees. Heading the shopping excursion from left were David Partney, Jaycee president; Mike Granite City—Ruth Ann Dial; and Ron Benthall, chairman of the annual Jaycee project. Thirty-six children received gift, clothing, shoes and toys.

Simon May Vote to Break Tie on Some Senate Issues

Attorney General William J. Scott has issued a 24-page legal opinion which holds that Lt. Gov. Paul Simon, as President of the Illinois Senate, has the constitutional authority to cast a tie-breaking vote in the organization of the Senate and its various committees.

The opinion, issued at the request of Sen. W. Russell Arrington, a Republican and the current President Pro Tem of the Senate, thus draws the parliamentary guidelines for the upcoming session of the General Assembly, with respect to the Lieutenant Governor's role in an evenly-divided (20-20) Senate.

Further clarifying that role, Scott said that while the Lieutenant Governor can cast a tie-breaking vote on an amendment to a bill, he does not have the constitutional authority to cast a tie-vote which affects the passage or failure of a bill.

The opinion noted further that the Lieutenant Governor may not participate or vote when the Senate sits as a Committee of the Whole. Scott said that while the Illinois Constitutions of 1818 and 1848 allowed the Lieutenant Governor to take an active part in such sessions, "the Constitution of 1870 omitted the language permitting the Lieutenant Governor to debate when the Senate was convened as a Committee of the Whole or to vote on these occasions."

No Legislative Vote

"The evident intent of the Constitution of 1870 to deprive the Lieutenant Governor of any vote whatever on legislation is shown by Section 12 re-adopted from the 1848 section. As noted under the 1870 Constitution has absolutely no power to vote to pass or defeat legislation," Scott added.

Leo Kalips, 70, Dies; Retired Steelworker

Leo "Noisy" Kalips Sr., 70, of 2907 Kirkpatrick Homes, died at 5:15 a.m. Tuesday at St. Elizabeth Hospital where he had been a patient since suffering a stroke three weeks ago.

Mr. Kalips was born in Flora and had resided here since 1929. He retired in 1965 from General Steel Industries Inc., where he was a Diesel engineer for 15 years. He was a member of Sacred Heart of Jesus Polish National Catholic Church in Madison.

He is survived by his widow, Mrs. Lena Kalips; two sons, Frank Kalips and Leo Kalips Jr. of Granite City; two daughters, Mrs. Edwin (Patricia) Scarsdale of Granite City; 21 grandchildren and five great-grandchildren.

Funeral arrangements are given in today's obituary column.

Turns Left, Struck

While making a left turn, the rear of an auto driven by Louise Harvey, 3229 Erin Drive, was struck by a car driven by Ruth M. Smith, 1741 Courtenay Blvd., at 7:15 p.m. Monday at St. Clair and Ash avenues.

CALL YOUR REALTOR MORRIS REALTY CO. 876-4400

But as the presiding officer of the Senate, Scott affirmed, the Lieutenant Governor can cast tie-breaking votes on amendments to bills and in the matter of organization of the Senate, to avoid an impasse which could potentially delay the legislative process and thus the affairs of the State and the Illinois public.

Bubblemasters Treat Stallings Children

Members of the Bubblemasters Diving Club played Santa Claus last week for some families in the Stallings area, giving toys and candy to children.

The toys were donated by Herman Barker of Schermer's Hardware Store, Assisting were Rex Waggoner, chairman; Barry Maycock, president; and Whitney Morrison, treasurer.

Fence Blocks View

As a fence blocked his view, Henry Fabian, 2918 E. 25th St., pulled his auto too far into the intersection of Edwards Street and Nameoki Road and was struck by a car driven by Joe Ottlinger, 3002 Kirkpatrick Homes, at 1:30 a.m. Tuesday, police reported.

Supreme Court Hearing Jan. 27 On Levee Ouster

A petition asking the Illinois Supreme Court to nullify an Appellate Court order which permitted four trustees of the East Side Levee and Sanitary District to remain in office pending an appeal of their conviction on misconduct charges has been scheduled for Jan. 27.

Notice of the hearing date was received by State's Attorney Robert Rice of St. Clair county who filed the petition challenging the Appellate Court order.

The ruling which permitted the four trustees — Morris Campbell, George Duff and Lawrence Telar of East St. Louis and William "Mike" Ebersold of Venice — to continue in office pending appeals to the Fifth District Appellate Court was issued by Appellate Judge Edward Eberspacher Dec. 5 after the circuit court at Belleville had ruled the ouster of the levee trustees from their offices was automatic upon conviction and therefore should take place immediately.

The four trustees were convicted in circuit court at Belleville Sept. 21 of charges of misconduct allegedly involving the awarding of \$189,000 worth of tunnel repair contracts without competitive bidding, and for paying attorney fees in excess of the amount allowed by statute.

Associate Circuit Judge Alvin Mayes on Dec. 1 sentenced the levee board members to fines of \$1250 each, three years probation and removal from office, effective immediately. Attorneys for the trustees obtained the appellate court order staying the circuit court ruling. Rice then filed his plea with the Supreme Court to set aside the appellate Court order.

Alton Group Files Suit To Recover Road Funds

A suit to recover over \$19 million in federal highway funds lost to Madison and St. Clair counties during a fund freeze which lasted almost two years has been filed against U. S. Secretary of Transportation John A. Volpe, outgoing Secretary of the Treasury David Kennedy and present Treasury Secretary John T. Connally.

The suit was filed by Alton Attorney J. F. Schaffly on behalf of the Greater Alton Association of Commerce, William Lindeberger, business manager of Laborer's Local 218 of Alton, and Mrs. Phyllis Schaffly of Alton.

The suit is a follow-up to a mandamus proceeding filed two years ago by the same group to lift the freeze which was in effect from July 5, 1968 to June 3, 1970, because of high construction costs and charges of racial discrimination by area construction trades unions.

Governor Richard B. Ogilvie worked out a program that ended the freeze last June, but the suit charges the freeze was illegal, that it should not have included Madison and St. Clair counties and that specific projects ready to be advertised before the freeze have not been advertised since it was supposedly lifted.

The plaintiff's claim that the 23-month fund freeze was illegal because several conditions of the Civil Rights Act of 1964, necessary before such a freeze could be imposed, were not met. The act provides that before a freeze could be put in effect a public hearing, attempts to secure voluntary compliance, a presidential order and

a 30-day advance notice to the Senate and House Highways Committees were necessary. These conditions were not met, according to the suit.

It is further charged that the freeze order designated only the "East St. Louis area" for the freeze and that it should not have been extended to include Madison and St. Clair counties. It was estimated that about \$100 million in work funds was lost in both counties during the freeze but many claim the projects eventually will be done, at a higher cost due to higher prices for labor and materials.

Schaffly said he feels the pending suit will help loosen federal funding for projects here, so this area can begin to recover lost funds and get several projects underway.

Governments officials have claimed that the plaintiff's arguments are questionable since the freeze has already been lifted.

Licenses Issued

Marriage licenses have been issued by Deputy Clerk Elvira Thurber to Vernon A. Ollis, 2038 Washington Ave., and Gloria Jean Wheaton, 10 Bidwell; Robert H. Karandjef, 2541 Cleveland Blvd., and Bonnie Lou Austin, 3189 Jill Ave.; and Robert J. Butler, St. Louis, and Linda M. Fears, 2828 Nameoki Road.

3 Cougars All Stars on Soccer Squad

Three standout players on the Southern Illinois University Southwest soccer team were named to the 1970 All Midwest area soccer all-star squad announced today by the National Soccer Coaches Association of America.

Two Cougar forwards, Jack Blake and John Caveness, were named, and Tom Howe was picked in the backfield. The three stars played key roles in leading Coach Bob Guelker's 10-3 season and helped the Cougars qualify for their second straight post-season National Collegiate Athletic Association tournament berth.

St. Louis University, which came from behind to win the Midwest NCAA soccer tournament to beat SIU, 2-1, and then went on to win the NCAA national championship, also placed three players on the All-Midwest squad: Forwards Al Trost, Mike Seery and Joe Harris.

Six other area players were also named to the squad: John Hoskins, Michigan State; forward, John Smith, St. Louis; Begely, Western Illinois U.; forward; Ted Fitzsimmons, University of Missouri; St. Louis; forward; Alan Harie, Thomas Polihani, backfield; and Thomas D'Maria, goalkeeper, Quincy College; Kevin Missey, University of Missouri; St. Louis; backfield; Art Deming, Michigan State, backfield.

Being picked on the Midwest squad qualifies each player for a possible berth on the 1970 All-American soccer squad.

Warriors Defeat Rock Island and Sterling To Reach Semifinals

Crushing Rock Island 69-45 Monday and edging Sterling 63-54 Tuesday in the Pontiac, Ill., holiday basketball tournament, the GCHS Warriors were to meet the tourney favorite, Bloom Township of Chicago Heights, in the semifinals at 1 p.m. today.

A victory would put Granite City into the championship game at 10 o'clock tonight. A loss to Bloom would send the Warriors into the third-place game at 8:30 tonight.

Terry Ripka, 6-5 junior forward, had a chance of breaking the tournament scoring record of 126 points in four games. He has 61 already — 29 against Alleman and 32 against Sterling.

After 11-11 and 23-23 ties at the quarter and half, GCHS doubled Sterling's third-period points for a 45-34 edge before being outscored 20-17 in the final quarter.

It was entirely different against Alleman, the Warriors were led by a big margin throughout, including 16-9, 42-25 and 55-36 quarter scores.

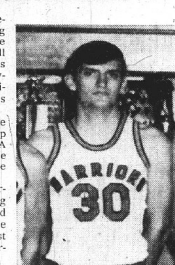

Others scoring in the first round tilt were Mike DeRuntz 13, Joe Wallace 12, Chuck Kraus eight, John Ireland four and Kevin Dyer, three. GCHS led Alleman 24-15 in field goals and 21-15 in free throws, committing 21 fouls in the first half.

Coach Donald Deterling told the Press-Record, "I was not particularly happy or unhappy with the way we played. We missed 20 free throws and only scored 26 points in the entire last half, after scoring 27 in the second quarter alone."

Against Sterling, Kraus scored 10 points, DeRuntz nine, Wallace eight, Bob Wiggins two and Indiana's Mike DeRuntz 13. GCHS scored 22 field goals and 18 free throws while fouling 16 times. Sterling was 18, 13 and 20.

Deterling related, "The team was simply not working together in the first half, but after that everyone did a good job and we functioned as a unit."

Looking ahead, the GCHS coach sees Bloom as a formidable challenge. Fifth rated in Illinois, Bloom beat Springfield 92-57 during the tournament with an awesome offensive display.

Against Sterling, Kraus scored 10 points, DeRuntz nine, Wallace eight, Bob Wiggins two and Indiana's Mike DeRuntz 13. GCHS scored 22 field goals and 18 free throws while fouling 16 times. Sterling was 18, 13 and 20.

Deterling related, "The team was simply not working together in the first half, but after that everyone did a good job and we functioned as a unit."

Looking ahead, the GCHS coach sees Bloom as a formidable challenge. Fifth rated in Illinois, Bloom beat Springfield 92-57 during the tournament with an awesome offensive display.

Coach Donald Deterling told the Press-Record, "I was not particularly happy or unhappy with the way we played. We missed 20 free throws and only scored 26 points in the entire last half, after scoring 27 in the second quarter alone."

RICH SAKAJ of Granite City, right, handily defeated his opponent, Steve Davenport of Civic Memorial in first-round action of the annual holiday tournament yesterday. Sajak won the match 12-0 as a group of 190 wrestlers and about 250 spectators watched.

GC Grapplers in 2nd Place Tie in Tourney

Although favored East St. Louis Lincoln High School is leading in the annual Granite City holiday wrestling tournament, Granite City was tied with Peoria Ridgewood's second place at the end of yesterday evening's matches. Sterling, also a favorite, was in fourth place last night.

Granite City was unranked among the five favorite teams before the tournament, but their record yesterday has made them known as a school to watch when the final trophies are awarded tonight.

The tournament is being run on an elimination basis and Granite City lost only one wrestler in rounds yesterday, 138-pound Charles Mayfield.

Many of the 192 wrestlers who entered the tournament will be eliminated in early rounds today, which will continue until there are only three wrestlers remaining in each weight class. The three in each class will then wrestle round-robin to determine the champion.

Each wrestler is eliminated when he has accumulated six penalty points. An unofficial total of the points accumulated against Granite City wrestlers Tuesday show only Kalert with a clean record.

Mike Wilson accumulated only one penalty point and he was followed by Bruce Miller, Mike Garland and Tom Eaton who each had one and one-half points against them. Harry Miller had accumulated two penalty points and Rich Sajak had two and one-half points this morning.

Mark Mizerski and Doug Wilson each had accumulated three penalty points and Loy was in danger with five points, only one point from being eliminated. Points are given for every bout unless the wrestler wins by a pin. The number of points assessed against each man is determined by whether he was lost and by the score of the match.

In the first round yesterday Granite City recorded six wins, one by a fall, and only one loss. In the 119-pound class, Garland defeated Champaign Central, 6-4; Wilson defeated Bloomington, 6-4; Eaton won his match over Jacksonville, 4-2; and Sajak won his round over Civic Memorial 12-0. Mayfield lost to his Stephen Decatur opponent, 9-5. All other Granite City wrestlers drew a bye for the first round.

In the afternoon rounds Granite City managed 10 wins, six by pins, and two losses. Winners by pins were Bruce Miller, 105; Harry Miller, 112; Garland, 119; Eaton, 132; Wickham 155, and Kalert, 185.

It was Bruce Miller, 3:58 over Edwardsville; Harry Miller, 1:30 over Carbondale; Eaton, 1:46 over Alton; Garland, 3:31 over Bethalto; Wickham, 2:13 over Sterling; and Kalert, 2:51 over Lincoln.

Winners by decisions in that round were Gary Loy, 45; Doug Wilson, 126; Sajak, 145; and Mike Wilson, 167.

Loy, in his first match of the day, defeated Belleville East, 10-5; Doug Wilson defeated Champaign Central 12-3; Sajak stopped Belleville East, 3-0; and Mike Wilson blanked Roxana, 10-4.

Losses in the second round were Charles Mayfield, 138, who lost to Sterling, 3-1, and heavyweight Mark Mizerski, stopped by Jacksonville, 2-1.

Time yesterday permitted the tournament to continue into the third round and matches were stopped at the end of the 138-pound class.

In the first half of the round Granite City won two matches by decisions and tied two. Loy defeated Sterling 6-4 and Garland stopped Belleville-East 4-0 while Bruce Miller and Harry Miller fought to 6-6 and 2-2 draws.

Losses in each weight class are expected to be known by about 6 p.m. today at which time an awards ceremony will be held to present trophies to the winning wrestlers and schools. The queens of the tournament, senior girls chosen by the school, will present all awards.

The queens this year are Debra Hanson, Debbie Stein, Karen Muhlali and Pat Brzyrly.

Derailed 60-47 by Johnston City on Monday at the Edwardsville holiday basketball meet, Madison High School bounced back to nose out Roxana Tuesday, advancing to a consolation semifinal clash with Sparta today.

The Trojan-Sparta victor will play either Triad or Edwardsville for the consolation title at 8 o'clock tonight at the Edwardsville gymnasium. If MHS loses to Sparta, Madison will play for consolation third place at 4 p.m. today.

With Roxana romping to a 29-23 advantage in the first scoring period, it appeared that MHS might be headed for quick ouster in the double-elimination tournament. But the Trojans earned a 21-12 second-quarter margin for a 44-41 half-time lead.

The Shells had sliced the margin to a thin 60-59

Rev. Theodore Fryntzko on Way to New Pastorate on Alaska's Kodiak Island

By VALERIE EVENEDEN
Press-Record Staff Writer

The Reverend Theodore Fryntzko of Granite City, a priest in the Orthodox Church of America, formerly the Russian Orthodox Church, en route today to a tiny, remote village in the Aleutian Islands off the coast of Alaska.

The priest's ultimate destination is Old Harbor, a fishing village located on the southern coast of Kodiak Island, where he has accepted the pastorate of Three Saints Orthodox Church.

Kodiak Island is the first and largest island in the Aleutian chain—a series of atolls and islands extending in a line that stretches southwesterly from the Alaskan mainland and divides the Bering Sea and the Pacific Ocean.

The Rev. Fryntzko departed from Granite City Saturday morning, briefly stopping in Denver, Colo., and Seattle, Wash. Before proceeding to his new parish, he is to meet this week with the Right Rev. Theodosius, Bishop of Sitka and Alaska.

Former Madison priest
His Grace, whose headquarters are in Sitka, is a former parish priest at the Nativity of the Virgin Mary Church, 416 Ewing Ave., Madison.

The Rev. Fryntzko said his interest in a missionary assignment in Alaska was keenly awakened in August when he attended the first canonization in the Western Hemisphere to be conducted by the Orthodox Church.

The services, held at the Russian Orthodox Church of the Resurrection at Kodiak, recognized the sainthood of Father Herman of Spruce Knob, a Russian Orthodox monk who died in Russian-American Alaska—on Dec. 13, 1877.

Churchmen from several countries attended the canonization which elevated to sainthood the monk who was sent to Alaska from Russian Finland in 1794.

The Orthodox Church of America, an organization of about 850,000, won its independence from Moscow last April. All orthodox churches—American, Russian and Greek—share the same saints, the Rev. Fryntzko said.

Among those present for the canonization were the Rev. Theodore Fryntzko, a priest in the Orthodox Church of America, formerly the Russian Orthodox Church, en route today to a tiny, remote village in the Aleutian Islands off the coast of Alaska.

The priest's ultimate destination is Old Harbor, a fishing village located on the southern coast of Kodiak Island, where he has accepted the pastorate of Three Saints Orthodox Church.

The services, held at the Russian Orthodox Church of the Resurrection at Kodiak, recognized the sainthood of Father Herman of Spruce Knob, a Russian Orthodox monk who died in Russian-American Alaska—on Dec. 13, 1877.

canonization services at Kodiak with Rev. Fryntzko were the priest's brothers and sisters-in-law, Mr. and Mrs. John Fryntzko and Mr. and Mrs. Vasil Fryntzko, all of Granite City.

Excitement and enthusiasm were evident in the priest's voice as he described his new assignment. "Old Harbor can only be reached by boat, helicopter or amphibian. It is surrounded by towering mountains, always snow-capped even in August, with the Pacific Ocean at its doorstep."

The original Orthodox church was built at Old Harbor by the natives when the first missionaries came from Russia before the territory was sold to the United States in 1867. The fishing village has a population of about 300, including 125 children. Most are of Eskimo, Aleut or Indian descent.

At the present time, the Old Harbor Orthodox Church is serviced by the Rev. Macarius Targonsky, parish priest at the Kodiak church, who calls at the village every three months or so, Rev. Fryntzko said.

Born and reared in Granite City, Rev. Fryntzko attended McKinley grade school, Central Junior High School and graduated from Granite City High School.

The priest and his five brothers, Vasil, Andrew, Harry and Vladimir, all worked as Press-Record delivery boys at various times, collectively and individually. The six brothers have one sister, Mrs. Anthony (Olga) Simurda of Granite City.

Served in Air Force
During the World War II years, Rev. Fryntzko served from 1942 to 1946 in the U. S. Navy's Air Force. Upon discharge from the service, he was employed at General Steel Industries and attended courses at St. Louis University.

Later, he enrolled at St. Vladimir Orthodox Theological Seminary in New York, where he completed his studies in dogmatic work at Columbia University.

The Rev. Fryntzko was engaged in religious training from 1954 until April 7, 1967, when he became the first native son of Illinois to be ordained in his own church—the

Nativity of the Virgin Mary Eastern Orthodox Church in Madison.

Prior to pastoring the Sioux City church, he was assigned to a parish in Montreal, Canada. Excitement and enthusiasm were evident in the priest's voice as he described his new assignment.

TO ALASKAN PASTORATE. The Rev. Theodore Fryntzko of Granite City, accompanied by his nephew Michael Fryntzko, relates to Mrs. Valerie Eveneden of the Press-Record news staff his plans to leave Granite City for Old Harbor, a remote village in the Aleutian Islands off the coast of Alaska.

He will serve the people as a priest in the Orthodox Church of America, formerly the Russian Orthodox Church.

In addition to his duties at Old Harbor, Rev. Fryntzko probably will serve missions at several nearby villages, on an infrequent basis, he explained.

Questioned about his assignment to Alaska in the midst of the cold northern winter months, Rev. Fryntzko said it was a most opportune time. "I enjoyed Christmas here with my family, but also will have a second Christmas on Jan. 7 with my new parishioners when the Orthodox Church celebrates its seasonal Holy Day," he commented.

Illinois Ranks Fourth In Junior College Aid

The state of Illinois has leap-frogged North Carolina and Michigan to move into fourth place in the nation in state aid for operating expenses of local public junior colleges.

Dr. M. M. Chambers of Illinois State University, nationally-recognized authority on public higher education funding, this week issued a tabulation of such aid in the 29 states which have state-subsidized local public junior colleges.

He pointed out, however, that some of those states have other types of two-year public colleges, either free-standing state junior colleges or two-year branch campuses of state universities.

Illinois increased its state aid to junior colleges from \$38.3 million in 1969-70 to \$48.5 million in 1970-71, placing it behind only California at \$149.8 million, Florida with \$81.1 million, and New York, at \$68 million.

Bill to Protect Retirees From Tax is Filed

State Senator-Elect Sam M. Vadala has introduced a bill to protect retired fund payments of Shell Oil Co. retirees from state income tax payments. Attempts made by the Edwardsville Democrat in the last session of the General Assembly were blocked when a bill he sponsored was defeated and substitute legislation sponsored by the Republican majority failed to clear both houses.

A vigorous campaign has been waged by organized labor and Shell management since the Illinois State Income Tax went into effect Aug. 1, 1969. The campaign has been headed by Jerome Juda, employee of Shell Oil Co. at Wood River.

Juda has obtained signatures of 25,000 persons, protesting taxation on funds paid to retirees. He is a resident of Granite City. He stated that a bill sponsored at the last legislative session when Vadala was a member of the House was approved by a 2-43 vote in a house committee, but lost in the Senate.

Juda, who conducted an aggressive campaign in the last general election for candidates favoring tax relief legislation, said he thinks Vadala's bill now has "a real good chance of passing."

Vadala, who won a senate seat in November's election, said he prefilled a bill last week to provide income tax relief for persons getting benefits from provident funds or pensions and retirement plans. The bill will be considered when the state legislature begins deliberations after the first of the year.

Under provisions of the Vadala bill, income contributed by a person to any plan and interest earned on it received before July 31, 1969, would be free from the state income tax.

At the present time income from pensions, provident funds, and interest made as long as 30 years ago are considered taxable by the Illinois Department of Revenue.

Under provisions of the Vadala bill, income contributed by a person to any plan and interest earned on it received before July 31, 1969, would be free from the state income tax.

ISU Sees Problems Cropping in New Year

Illinois State University "is turning the corner toward a year of 'expectant uncertainties.'"

As ISU, the oldest public institution of higher learning in Illinois, closes the door on one of its most traumatic years in the 113 years since its founding—in spite of a calm and constructive fall—the future holds a series of question marks of wide concern to university administrators, faculty, students, parents, and alumni.

Actions taken during 1971, over which ISU has little direct authority, could determine its course for many years. Decisions are expected on such proposals under consideration as an enrollment ceiling through 1976 of 19,000, a total which the university will closely approach next fall; a change in governance possibly to a new grouping of universities or to a separate board; increased tuition rates; even tighter restrictions on new construction; operating budget "belt-tightening," and possible tenure legislation.

Add to all this unforeseen events which crop up in any given year and it could result in an interesting 12 months for Illinois State.

Theft Charge Filed
Robert Louis Werner, 40, of 4940 Lakeview Drive, was arrested at 3:30 p.m. Monday at Carle's Department Store on a charge of theft by deception.

labeled bill, income contributed by a person to any plan, and interest earned on it received before July 31, 1969, would be free from the state income tax. "In my opinion," commented Senator Vadala, "the current practice discriminates against the cautious saver who sacrificed in order to build up something for retirement." The new state senator expressed the opinion that the ruling of the state Revenue Department and a recent court decision declaring exemptions from property taxes for persons over 65 were creating additional hardships on older people.

Vadala said he had been assured of strong support for his tax freeing bill from area Representatives Leland Kennedy of Alton and Horace Calvo of Granite City, and was optimistic about chances of the bill in the House.

Juda told us he is enlisting support for the prefilled bill from organized labor and management. He said testimony given before committees at the last session of the General Assembly could be expected to be repeated.

Police Seek Drivers Of Hit-Run Accidents

Granite City police are looking for three drivers who were involved in recent hit-and-run property damage accidents. One occurred on Christmas day when a truck signal at Johnson and Nimitz roads was knocked down and carried 60 to 70 feet on top of the vehicle. Cost of repairs to the truck was estimated at \$1,600. The car, driven by an elderly male, was described as a 1967 or 1968 white-over-metallic blue Ford which will have damage to the front and top. At the time of the accident it was making a left turn to head south on Nimitz Road.

L. L. Matyas on Tank Duty in Vietnam

Sergeant Larry L. Matyas, 39, of Mr. and Mrs. Thomas Matyas, 5209 Lakeview Drive, has been transferred to a "Duster" tank on which he operates a .50 caliber machine gun in Vietnam near the Cambodian border, according to word received by his parents. Sgt. Matyas has been in Vietnam for six months. He entered service a year and a half ago and first was assigned to Germany. He was home on leave last June before leaving for Vietnam. Sgt. Matyas said her son wrote: "We are traveling by night and sleeping by day."

Hit-Run Accident

A hit and run motorist struck the auto of Ezzel D. Mallet Jr., 123 Grenzer Home, Madison, Monday night while the car was parked in the Grenzer Home parking lot on Ewing Avenue, causing damage to the left front fender and headlight.

Immediate Need for Faster Court Decisions, Judge Monroe Believes

Court delay and what can be done about it are discussed at length in an article by Circuit Judge James Monroe, just published in the DePaul Law Review, Chicago.

The Madison County Jurist, expressing favorable reactions to a book by Phoenix attorney and former law professor John Frank, applies the lawyer's recommendations to trial court practices, elaborates on them, and calls for a drastic change in attitudes and habits among members of the bar and the bench.

"Why does it take so long?" Judge Monroe asks, using words of United States Chief Justice Warren Burger in opening the article.

Big Chicago Backlog
Judge Monroe cites and discusses the basic increase in trial case volume — for instance, 2,500,000 major crimes a year nationwide, 100,000 civil cases filed in New York City alone, and Chicago cases four and five years old, with a current backlog there of 41,237 cases and civil jury cases in June 1970.

Court delay, Judge Monroe says, quoting former Chief Justice Earl Warren, is "corroding the very foundations of government in the United States," unless something new and effective is done promptly in the area of judicial research, organization and management, the rule of law in this nation cannot endure.

After reviewing the causes of delay, Judge Monroe stresses the urgency of thoughtful cooperation and decisive action now, simply to cope with the case volume as a quantitative functional matter.

Urgent Social Reasons
Urgency is also essential, his article indicates, for three social reasons: (1) to restore the policy-making function of the courts, (2) "to make the criminal law a more effective instrument of social protection," as the Johnson Report on courts

put it, and (3) to make courts effective in the democratic process under the rule of law—that is, to make sure that the courts are not as "battered" as the streets.

Judge Monroe discusses several ways of reforming the system: (1) lightening the load on the judicial machinery by taking some traditional things out of court entirely; (2) renovating court functions; (3) improving lawyers and judges and staff personnel; and (4) "simply oiling up the machinery and stepping on the gas."

In a candid section on the legal profession Judge Monroe says:

"Radical innovations will mean nothing unless we change our attitudes. What is intrinsically required is a fundamental change in the consciousness of the lawyers and judges."

Start Too Late in Day
Comparing Judge — lawyer schedules with those of printers, laborers, doctors and teachers, he says: "We start too late."

Comparing courts to football games, TV shows and airlines, and citing repeated continuances, he says: "Many times we do not start at all."

Covering needless and sometimes self-defeating practices, he says: "In effect, we waste more court time than we use."

"If a lawyer or judge's secretary handled her time as her boss handles his, she would be fired," Judge Monroe said. "And the only reason the clients and litigants put up with it is that they have nowhere else to go."

Mentioning a possible drastic rule to cure delay by requiring personal consent of the clients themselves (instead of their lawyers) to secure a postponement, Judge Monroe adds:

"If we think this does not put the focus on the very heart of the matter, try that rule on lawyers and judges—and see how many nerves you strike."

Suggestions for lightening the load include reconsideration of present methods of handling jury cases, especially auto insurance cases, on a faulty basis; of cumbersome ways of reforming the system; of certain commercial cases; of divorce cases now handled on summary concepts; of "arithmetic" cases, such as untested probate and mortgage cases; and of nationwide or regional business cases, now handled in several state courts when they might be handled in one federal court.

New suggestions for renovating court procedures include:

Reconsideration of the adversary system and the hearing process, including pre-trial procedures.
Conference-type presentations of cases, from all witnesses on a point, at the same time.
Partial trials, the uncontested parts quickly, leaving only key issues for proof in depth.
Changing costs and lawyer fees to parties who unreasonably refuse to settle cases which could be settled.

More use of summary (short-cut affidavit) judgments.
Greater use of experts, giving their summary reports.
Shorter, shorter, shorter case scheduling.

In criminal law, improvement suggestions include pre-trial hearing, shorter jury instructions, disclosing available proof in advance to both sides; opening prosecution cases first; plea bargaining without binding the court or precommitting any side to undisclosed facts; shortened jury selection.

Handling minor cases in minor courts; uniform jury instructions; modified treatment

of insanity defenses; and not to say downright stupid, to talk about too few courtrooms, or too few judges, when many courtrooms are empty and some judges are gone almost every afternoon.

"The problem of habit and attitude is so pervasive that it attempts to change things begun by one judge, lawyer, or small group are often not only ineffective, but also may even be looked on by colleagues or associates as extraordinary or out of order."

"The problem is systemic and calls for group attitude and effort."

Law School Teaching
In personnel, facilities and court resources, the article discusses suggestions to change law-school teaching to discourage delay, to improve the training of judges in administration, to improve court facilities, and to provide needed research on court methods and accurate statistics on court cases.

Judge Monroe pointed out that these individual suggestions originated not with him, but with various lawyers and bar committees, plus judicial conference, and were summarized by Professor Frank.

The judge also said that his article had been prepared last summer and did not rise out of any November political election incidents.

He also said it was meant mainly to be general, without reference to any specific area or court.

Delay, Laziness
Judge Monroe's article made little note of judicial selection tenure, salaries and benefits, and scoffed at calls for more judges and more courtrooms as panaceas.

He also said that there is at the root of our delay some incredible mismanagement, he wrote. "It is self-defeating, stupid."

He also said that there is at the root of our delay some incredible mismanagement, he wrote. "It is self-defeating, stupid."

Attorney's Salary Issue Delayed Again by Council

An effort by the Granite City council to restore City Attorney Leonard Scroggins' salary to \$12,500 per year, although the current appropriation bill provides only \$6,000 for the purpose, ran into another snag in regular council meeting Monday night.

The new delay developed because Scroggins had not yet received a legal opinion from the Illinois Municipal League on a proposal to use money from the city contingency fund to pay the \$6,500 salary not provided by the appropriation.

Scroggins, at the request of council members, provided a written legal opinion in which he maintained the council legally may use money from the contingency fund to pay the balance of his salary, but reported that an opinion on the same question requested of the Illinois Municipal League had not yet been received.

Wants Oral Opinion
Alderman Walter Nong said he had been told by other attorneys that it would be illegal to use the contingency account to pay salaries of the Legal Department, and that until he saw the Municipal League opinion he was reluctant to approve such procedure.

"If we do this wrong, we (the aldermen) are the ones who would go to jail," Nong remarked.

Paul Schuler, chairman of the Ordinance Committee, read for a second time an ordinance placed on first reading a week ago that would fix Scroggins' salary at \$12,500. As soon as he completed reading the ordinance, Schuler called for deferral of the issue, which halted further consideration in Monday's meeting.

The council also rescinded Monday night action of a previous meeting in which a use permit was granted for manufacture of figurines, novelties and ceramic items at 257 Madison avenue. The action was taken on a motion by Alderman

man Roy Poulos who explained that at the time he moved for approval of the use permit was under the impression the request had been approved by the City Plan Commission.

Funeral Rites Held For Mrs. Eva Spaeth

Funeral services were held Monday in St. Louis for Mrs. Clarence (Eva) Spaeth, 83, of St. Louis, a long-time former resident of Granite City, who died Dec. 24 at her home following a long illness.

The funeral Mass was said at Our Lady of Sorrows Catholic Church and burial was in Resurrection Cemetery.

Surviving besides her husband is a daughter, Mrs. Henry (Violet) Carey, 2740 Washington Ave., and two other daughters, Mrs. Leona Bowers of Alton, and Mrs. Shirley Hemmel of St. Louis. There also are nine grandchildren, 17 great-grandchildren and one great-great-granddaughter.

Mr. and Mrs. Spaeth resided here for 40 years and last June 28 celebrated their 66th wedding anniversary.

GC Youth, 21, Charged In Narcotics Traffic

Stephen Wayne Harris, 21, of 2133 Bern Ave., was charged with unlawful traffic in narcotics after he reported to the Granite City police station at 2 p.m. Monday.

The arrest was made in connection with a package containing marijuana and opium, which allegedly was mailed from Vietnam to a juvenile girl residing in the 2900 block of Delmar avenue.

Police said Harris recently returned from Vietnam and has received an honorable discharge. The package was confiscated last Thursday in a raid conducted by agents from the U. S. Customs Bureau, Illinois Bureau of Investigation, postal authorities and Granite City police.

Harris was released on \$10,000 recognizance bond pending a hearing.

Man Struck on Head

Harold Probst, 2537 North St., reported at 10 p.m. Tuesday that he suffered a hard blow to the back of his head stunning him, while he was in a friendly argument with friends at Vic's Tavern, W. 20th Street and Illinois avenue, at about midnight, police said. He told officers he went home, but as the wound was bleeding, he went to St. Elizabeth Hospital for treatment.

Auto Tire Punctured

John Grimm, 1701 Kirkpatrick Homes, reported at 4:30 p.m. Monday that someone slashed the right rear tire of his 1965 auto while it was parked at home during the night.

Car Theft Fails
George Talley, 4665 Lake Drive, told police the windshield of his car was broken and the ignition wires cut in an apparent theft attempt Monday while the car was parked on Kennedy Drive in Madison. A key also was found broken off in the ignition switch.

"Our problem is not too many cases, or too few lawyers, or a lack of judges or courtrooms. It is a lack of common sense in our response to the public trust."

"The problem of habit and attitude is so pervasive that it attempts to change things begun by one judge, lawyer, or small group are often not only ineffective, but also may even be looked on by colleagues or associates as extraordinary or out of order."

"The problem is systemic and calls for group attitude and effort."

Judge Monroe pointed out that these individual suggestions originated not with him, but with various lawyers and bar committees, plus judicial conference, and were summarized by Professor Frank.

The judge also said that his article had been prepared last summer and did not rise out of any November political election incidents.

He also said it was meant mainly to be general, without reference to any specific area or court.

SILVER ANNIVERSARY

Mr. and Mrs. Denzil Brickey, 1921 Pontoon Road, were guests of honor at a 25th anniversary party during the weekend, hosted by Mr. and Mrs. Robert Hill and Mr. and Mrs. Charles Shae at the Shae residence, 2177 Hamilton Drive.

Gifts were received and opened, and a buffet supper was served from a decorated table. A miniature wedding cake also was served.

Out-of-town guests were Mrs. Brickey's mother, Mrs. Augusta Park of Peoria, and Mr. and Mrs. Cliff Sayers of Morton, Ill., Mr. and Mrs. Sylvester Sparks of Chillicothe, Mr. and Mrs. James DeMontmolin and daughter of Tennessee, Mr. and Mrs. Oscar Lemen of Edwardsville, Mr. and Mrs. Odie Lambert of Ferguson, Mr. and Mrs. Bob Allen and daughter of Kirkwood, Mr. and Mrs. Ray Allen and family of Collinsville and Thomas Shae of Chicago.

Local guests included Brickey's mother, Mrs. Ola Brickey; Mr. and Mrs. Robert Allen; Mr. and Mrs. Gary Phelps and sons; Mr. and Mrs. Bernard Pinney and daughter; Miss Carol McGovern; and Mr. and Mrs. Gerald DeMontmolin Jr. and son.

STORM-WINDOWS & DOORS GRANITE CITY GLASS CO.

11th BIRTHDAY PARTY
Rita Loving, who was eleven years old Christmas Day, celebrated her birthday Monday evening at a slumber party at the home of her parents, 2332 O'Hare Ave.

Decorated cupcakes and ice cream were served and favors were candy canes and crocheted tea-cups filled with mints. Games were played, with prizes won by each guest. A late night snack of pizza was enjoyed by Susanne Chernoff, Mary Jo Kelley, Gay Bowler, Linda Walsh and Rita and her sister, Margaret.

Mrs., Mrs. Roe Harris Mark 50th Wedding Year

The golden wedding anniversary of Mr. and Mrs. Roe Harris, 2708 Myrtle Ave., was observed last week at a dinner in the party room of the Grand Cafe. Approximately 60 guests attended.

The couple has five sons who were present with their families. They were Mr. and Mrs. Harrie Harris and son of Fraser, Mich.; Mr. and Mrs. Sydney Harris and Mr. and Mrs. Bob Harris and family of Walled Lake, Mich.; Mr. and Mrs. Vernon Harris and daughter of Collinsville; Mr. and Mrs. Russell Harris of Glen Carbon.

Mr. and Mrs. Henry Bryant, Mrs. Ralph Conway, Kenneth Dunnaway and daughter, Miss Mary Laxey, all of Collinsville; Mr. and Mrs. Garland Knight of Maryville, and A. C. Knight, the Rev. and Mrs. Robert Cook, Mr. and Mrs. Fred Walker and family of Granite City.

The invocation was given by Rev. Cook. Mr. and Mrs. Harris were married Dec. 27, 1920 in Neadmore, Tenn.

GOLDEN WEDDING. Mr. and Mrs. Roe Harris, 2708 Myrtle Ave., who celebrated their 50th wedding anniversary at a dinner party last week.

MISS CATHY BURCHAM, who will become the bride of Paul Dineff. The engagement has just been announced.

Joseph Franks Observe Golden Wedding at Party

Mr. and Mrs. Joseph Franks of Rural Route Two observed their 50th wedding anniversary at a holiday party in the home of a son and daughter-in-law of Mr. and Mrs. Joseph Franks of Mitchell.

The couple has four sons and two daughters, 12 grandchildren and one great-grandchild. The children are Robert Franks, Joseph, Mrs. Eleanor Young, Ed Franko, James Franko, and Mrs. Vic Canfield, all of whom were present. There is also a great-grandchild, Steven Jacobs.

The grandchildren and their families are Mr. and Mrs. Larry Jacobs, Mr. and Mrs. Larry

SENIOR CITIZENS CHOOSE OFFICERS

Venice Senior Citizens held a holiday Christmas party Tuesday at the Venice recreation center. William Meehan, president, conducted the meeting, with the other officers giving reports.

Election of officers was held and the following were chosen by acclamation: president, William Meehan; vice-president, Mrs. Ann Hartman; treasurer, Mrs. Ann Harden; secretary, Mrs. Vicky Bilbrey; chaplain, Mrs. Helen Cholewick; historian, Emil Brown; and trustees, Mrs. Minnie Kuschmidt, Mrs. Marie Ziegler and Mrs. Nina Payne.

A dinner was served to the members and to guests from the Madison Senior Citizens, Mr. and Mrs. Clarence Green, Andy Bridick, Bill Hines and Mrs. Nettie Gnojewski.

The members exchanged gifts and the rest of the day was spent playing games.

Others present were Claude Bilbrey, A. J. Harden, Bill Butler, Wesley Ziegler, Madames Ann Boelling, Edna Miller, Bess Snell, Nora McCold, Mildred Pratt, Mary Dezan and Bess Stoll, and Mr. and Mrs. Antonio Tessari.

St. Mark's picked up another victory this week as it defeated St. Margaret Mary 48-37 at Glen Carbon.

It was a close contest until the final quarter, when the contending St. Mark's team moved ahead with a full-court press and managed to get possession of the ball a number of times without the opponents getting a shot at the goal.

Scorers for St. Mark's include Mark Koehler, 13 points; Michael Scaturro 10, and Tony Ochaa and Dale Georgetti, seven each.

St. Mark's and St. Elizabeth will meet Sunday at Glen Carbon.

MR. AND MRS. TERRY ROCHESTER. Their wedding was an event of the past week at Third Baptist Church. The bride is the former Melinda Phillips.

Miss Melinda Phillips, Terry Rochester Wed

Miss Melinda Phillips became Mrs. Terry Rochester in a ceremony taking place last week at Third Baptist Church. The bride is the former Melinda Phillips, a daughter of Mrs. Henry Netzer of Macinette, Wis. Mr. Rochester's parents are Mrs. Martha Rochester, a 1965 graduate of the Granite City High School. They will reside at 2538 Washington Ave.

The only attendants were Mrs. Nigel Long, a cousin of the bridegroom, and Harold Rochester, the bridegroom's brother. The former Miss Phillips graduated from the Marinette High School, Mr. Rochester is a 1965 graduate of the Granite City High School. They will reside at 2538 Washington Ave.

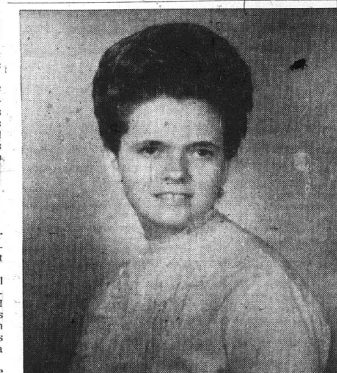

CELEBRATE ANNIVERSARY. Mr. and Mrs. Robert Lands, former Granite Cityans now living in Steelville, Mo., observed their 50th wedding anniversary the past week.

Robert Lands Observe Golden Wedding Year at Open House

Mr. and Mrs. Robert Lands, former Granite Cityans now residing in Steelville, Mo., observed their golden wedding anniversary last week at a buffet luncheon and open house in Steelville given by their daughter, Mrs. Roberta Hudson of Granite City.

Approximately 80 relatives and out-of-town friends attended the meal prepared by the Auxiliary of the VFW and many other guests called during the afternoon. Among those present

were two attendants at the wedding of the couple, Mrs. Anna Land Gerth, and Roland Buns. This was the first time the members of Mrs. Land's family had been together since 1940. Mr. Land was employed by the Granite City Steel Co. here until his retirement in 1962 when the family moved to Steelville. Beside the daughter and son-in-law, Mr. and Mrs. James Kirkpatrick and grandchildren at Valparaiso, Ind.; Mrs. Goodridge's father, William E. Paber, at Jackson, Mich.; her brother-in-law and sister, Mr. and Mrs. Charles Cole, at Addison, Mich.

MISS PAMELA KAYE CHRONISTER, whose engagement to Harold Lee Sadler of Bradley, Mo., is announced by her parents, The Rev. and Mrs. W. Chronister, 2434 Ohio Ave. The wedding is planned for early April.

MISS CHERYL UHLY, a bride-to-be. Her betrothal to Richard McNeilly is announced.

WCTU MEETING

The regular meeting of the Woman's Christian Temperance Union, which was to have been held Friday evening, has been postponed until the second Friday in January. It will take place in the home of Mrs. Howard Bates, 2238 Grand Ave.

NAME OMITTED

The name of Angela Durell was inadvertently omitted in the story of the christening of her sister, Kristina Suzanne, in Monday's issue of the Press-Record. The paper regrets the omission.

Illinois Business Leaders See Modest 1971 Uptrend in State, Nation Despite Profit Squeeze

(Economic Development Committee)

The new year will see recovery from the 1970 economic slump with a period of modest growth in store for the state and nation.

This "prudently optimistic" forecast represents the consensus of key business leaders from all parts of the state, according to Amos E. Buettell, chairman of the 110-member Economic Development Committee of the Illinois State Chamber of Commerce.

In announcing results of an annual poll of committee members, Buettell reports general agreement among the executives that the overall economic outlook for the state and nation looks bright, although tempered by increased costs for raw materials and labor, continued squeeze on profit margins, and persistent much lower economic conditions of 1970 in this area.

Construction has been at a low level and there is no indication that a substantial turnabout is in the making.

In announcing results of an annual poll of committee members, Buettell reports general agreement among the executives that the overall economic outlook for the state and nation looks bright, although tempered by increased costs for raw materials and labor, continued squeeze on profit margins, and persistent much lower economic conditions of 1970 in this area.

Some of the representative comments received in the statewide survey are summarized as follows:

Francis E. O'Connor, senior vice-president, Chicago Title and Trust Co.

Broadly speaking, there appears to be three areas of strength in the coming year. One is the prospect that consumers will spend a higher percentage of their income.

The personal savings rate is presently at 7.3%, the lowest since 1960, and one that is not likely to persist.

As consumers increase their spending, demand should rise in a broad spectrum of goods and services.

A stimulus in consumer buying will result in efforts to increase inventories, a usual sequence of events in the early stages of a business recovery.

The third segment of activity which should do well in 1971 is housing. With a substantial backlog of demand and better availability of mortgage money, housing starts have already moved up sharply from depressed levels in late 1969 and early 1970. We anticipate the trend will continue.

On the other hand, the outlook for capital goods industry is not particularly bright. Plant and equipment spending by business will show only very modest gains.

Commercial and industrial construction is softening with little sign of significant improvement.

The title insurance business is strongly influenced by real estate and residential construction.

With the prospect that housing starts may approach the level of two million units by late 1971, we anticipate that title insurance volume will improve over the recent past.

Frank J. Merrill, vice-president, operations, Barber-Grise Co., Aurora:

The construction and industrial machinery business has recently shown signs of improvement.

Recovery from current sluggishness looks to be slow and gradual. Our company is planning for approximately the same level of sales we experienced in 1970.

There is a pent-up demand for public and private construction projects, and we are confident that the long-term future will surely see these become reality, particularly in areas involved with highways, mass transportation and environmental control.

We are confident that the continuing economy of Illinois will be strong and competitive.

Robert J. Custer, administrator, special projects, Larson Pirie Scott & Co., Chicago:

The Chicago metropolitan area and northeastern Illinois are fortunate in that economic activity is highly diversified. We are not heavily dependent on the success or failure of two concentrated business activities.

As a result, department store sales in the past have reflected overall consumer confidence rather than the economic welfare of specific segments of the economy.

At present, the consumer seems to be holding back, with extreme caution, pessimism, that has characterized spending during most of the past year. This marked change leads us to project a rise in consumer spending of about 3% during 1971 as compared to 1970.

Department store sales appear to be headed for an increase over 1970 of between 4% and 5%.

Congressman Price Equal to Expanded Tasks On Armed Services, Atom Energy Committees

The death of the committee chairman and the election of a third-ranking member have elevated Congressman Melvin Price of this district from fourth to second position in Seniority on the House Armed Services Committee. He will be outranked in the 1971 session only by the prospective new chairman, Rep. Edward Herbert of Louisiana.

These developments placed added responsibility on the shoulders of the local congressman, and he is well equipped to handle it. His present duties on the Armed Services Committee include serving as chairman of the subcommittee on research and development for the armed services, chairman of the military air subcommittee and member of the special subcommittee on the Central Intelligence Agency.

Mr. Price also is the second-ranking Democratic representative on the joint House-Senate Committee on Atomic Energy, is chairman of that committee's subcommittee on research, development and testing, and will be the committee vice-chairman, with the likelihood of the chairmanship two years from now.

He is congressional advisor to the "Salvo Strategic Arms Limitation Treaty," and is chairman of the House Committee on Standards of Official Conduct, known as the ethics committee.

Congressman Price has been a patriotic and skilled legislator, devoted to a sound military defense system and yet not blind to opportunities for improving its performance. We have no doubts that he will efficiently carry out the varied and important duties outlined here and whatever additional tasks are assigned to him.

The trouble is that the car of tomorrow is being driven on the highway of yesterday by the driver of today.

How to Speed Slow Courts? Longer Hours, Fewer Postponements Suggested by Judge

A thought-provoking article by Circuit Judge James Monroe of Madison County in the DePaul Law Review casts doubt on the widespread assumption that, to speed up slow courts, more judges and courtrooms are the answer.

Solutions cited by the judge include earlier starting times and longer hours, streamlining of procedures, elimination of end-of-the-day rush, and avoidance of end-of-the-day rush.

As a step toward achieving less delay, he would require the personal consent of clients, instead of their lawyers, in granting a postponement.

Proposed innovations include conference-type presentation of evidence from all witnesses on a point, at the same time; accelerated handling of uncontested phases of trial; uniform jury instructions; and an after-hours court for immediate warrants and bail setting, for advice and warnings to defendants, and for temporary action to preserve peace.

Whether these or other steps are taken, some means of "oiling the machinery and stepping on the gas" will be imperative in the 1970s, as Judge Monroe points out.

The key to the "oil" is the phase of the process in the democratic process, so that "disputes are decided as cases in court, not as battles waged in the streets."

It is, in nothing less than whether "the rule of law in this nation can endure."

Market corn produced by the farmer this year may be higher in price than it is at present, but the total corn produced in Illinois less than the past year.

The forecast cost will continue to go up. The corn yields will probably vary greatly from farm and area to area as they did this year.

Livestock prices are low now and I think they will continue low through 1971. However, the inflation caused by such things as increased costs of service, raw materials and labor has seriously eroded the value of the dollar.

I look for the year 1971 to be a year of severe cost-cutting in livestock. Cleanliness and sanitation will be the most essential functions.

I believe that this will be true nationwide and, if we can believe President Nixon's recent remarks, the Administration in Washington is going to put more emphasis on full employment and less emphasis on curbing inflation.

Our sales people are expecting increased activity in home building early in 1971 which will mean more business for our company and this plant in particular.

In summary, I expect 1971 to be a year of austerity at this plant. We are anticipating no layoffs, with full employment for all of our people.

Mark B. Townsend, vice-president, area development, Central Illinois Light Co., Peoria:

Chairs or tables for use by patrons would have to be removed and there could be no screen, blind or curtain obscuring a view of the interior of soft drink parlors, pool rooms, billiard parlors and confectioneries.

Unemployment is well below the national average and is a significant measure of the economic stability of the country. Commercial and industrial sales are expected to show a healthy increase in 1971, while residential and rural sales should be at about the 1970 level.

Concern on the national level in 1970, that the high unemployment has caused some area businessmen to adopt a cautious attitude toward expansion and economic decision-making in 1971. The picture is generally good, however, and our projections are optimistic.

C. B. Cooper, plant manager, Settlement of the General Motors strike is helpful but will be offset somewhat by final deactivation of the Granite City Army Depot in mid-1971, while residents here will be a steelworkers' strike.

If our area economy improves over 1970, it will depend on continued operations of the steel industry, stimulation of construction due to lower interest rates, and current resumption of home building.

Two area projects—a \$350 million major airport and a billion-dollar-plus regional rapid transit system—scheduled to be initiated in 1971, but these will be more long-range than immediately beneficial.

The commercial corn acreage in Illinois will be smaller in 1971 than in 1970 and the amount of seed per acre planted probably will be slightly less.

Winter Wonderland

By

BILL WINTER

Editor,

Press-

Record

A New Year's column can best be written—and read—prior to, rather than after, the fact. There are fewer hazy echoes to contend with from those "watching the old year out" late hours.

The issues to be faced in 1971 will be dealt with a bit more comprehensively in Press-Record news articles and editorials. In this discussion, we will consider some of the lesser known events of the coming year.

For example, Friday, Jan. 1, is thought of primarily as New Year's Day but it also is Independence Day in both Haiti and the 11-year-old Republic of the Catherons.

If you need an excuse for a party on Jan. 3, there is Alaskan statehood day; Jan. 4, Burmese independence day; Jan. 6, "Swamp day," or that big occasion, Jan. 7, the birthday of President Millard Fillmore.

The Battle of New Orleans, occurring in 1815, is celebrated in Louisiana each Jan. 8. Here are a few other highlights.

Jan. 11—Birthdays of Phillis Wheatley, internationally known stamp collector whose devotion to philately is credited with establishing it as a major hobby.

Jan. 13—National Stephen Foster Day; March 14, the date of his death in 1864.

Jan. 17—Birthdays of Benjamin Franklin and 16th anniversary of the day when the first vessel, the U.S.S. Nautilus, began the first voyage to the bottom of the sea.

Jan. 19—Birthdays of Robert E. Lee.

Jan. 24—Day gold was discovered in California. Jan. 26—Australia first settled in 1788.

Jan. 27—Honeymoon Bridge torn down in Niagara Falls. Jan. 29—President William McKinley was born in 1843 and Kansas was admitted as a state in 1861.

Jan. 30—Birthdays of Franklin D. Roosevelt was born in 1882.

Feb. 2—Groundhog Day. Feb. 3—Four Chaplains memorial day. George Fox, Alexander Goode, Clark Poling and John Washington sacrificed their lives and lives when the S.S. Dorchester was torpedoed off Greenland on this day in 1945.

Feb. 5—Constitution Day in Mexico. Feb. 6—Birthdays of Babe Ruth.

Feb. 11—Edison Day and, in Japan, Kigatsu, anniversary of the accession to the throne of the Emperor Jimmu, first emperor, in 660 B.C.

Feb. 15—Susan B. Anthony Day (woman suffragist born in 1820). Feb. 16—Mother's Day. Feb. 17—Parent-Teacher Association founded in 1827.

Feb. 21—Anniversary of Washington Monument dedication. Feb. 28—Bachelors' Day. March 1—Return the Borrowed Book Week. "To remind you to make room for those precious volumes that will be returned to you, by clearing out all of that worthless trash, your friends are waiting for."

March 2—Texas Independence Day. March 6—U.S. Navy Seabees 26th anniversary. March 7—Masaryk Day in Czechoslovakia.

March 9—Anniversary of the battle between the ships, Monitor and Merrimack. March 13—Planet Pluto discovered. March 14—Birthday of Albert Einstein.

March 15—Buzard Day—day on which buzzards return to Hinckley, Ohio.

March 16—Birthdays of James Madison, fourth U.S. president; March 19—Swallows return to old mission at San Juan Capistrano. Call it the traditional date since 1776.

March 25—Lady Day (a quarter day when rent is payable in England and Ireland). March 26—Kuhio Day (Birthday of Prince Kuhio, King, Hawaii, second U.S. president). March 28—End of Spanish civil war.

March 29—Anniversary of Canada's Constitution. March 30—Seward's Day in Alaska (acquisition of Alaska from Russia in 1867).

March 31—Transfer Day. In 1917, the Virgin Islands were purchased by the U.S. from Denmark.

As can be seen from even this partial listing, a big year is shaping up.

The Chinese have already proclaimed that it will be the "Year of the Boar." It seems doubtful that 1971 will not be a bore.

Sueann Southard Betrothal Told

Of interest here was the announcement during the holidays of the engagement of Miss Sueann Southard, a daughter of Mr. and Mrs. Edward Southard of Springfield, Ill., and Larry D. Marshall, a former Granite Cityan, whose parents are Mrs. J. V. Riggs of Route 6, Edwardsville, and Harold H. Marshall of Staunton, Ill. The wedding will take place in Springfield March 27.

The bride-to-be, a dental assistant, graduated from a Springfield High School. Her fiancé attended the Granite City High School before enlisting in the Army where he served four years, two years of the time in Germany.

Judith Meyer Engagement

The engagement of Miss Judith Meyer, a daughter of Mr. and Mrs. Harry Meyer, 4339 Lake Drive, and Paul Stone, a son of Mr. and Mrs. Lonnie Stone, 4241 Marigold Ave., is announced today.

Wedding plans have not been made by the young people.

Bend Road

MRS. GEORGIA BORGER
877-2785

Wade and Janey Simpson of Indianapolis, Ind., were guests through Sunday at the home of Mr. and Mrs. Pete Babic and children, Kathy, Peter, Irene, Milag, Milag, and Larzo 651 Bend Road. The wedding of Wade Simpson and Miss Kathy Babic is set for Feb. 14 in Granite City.

JOINT OBSERVANCE

On Sunday, Mr. and Mrs. Pete Babic entertained the following guests in their home: her two sisters and brother-in-law, Mr. and Mrs. Harry Burton and son, Greg, and Mr. and Mrs. Rollo Rulo and children, Sandy, Kathy and Jeff, all of Grafton; and her parents, Mr. and Mrs. Howard Fisher of Rockbridge, Ill.

Mr. and Mrs. Pete (Ruth) Babic celebrated their wedding anniversary, her birthday and Kathy's and Harry Burton's birthdays. On Monday, Mrs. Sharon Shaffer of Bend Road and Mrs. Donna Kays of Pon-tiac Beach presented Mrs. Babic with a birthday cake.

Miss Linda Darlene Lindsey will be married to Larry R. Clutts, 2213 Meridian St. Miss Lindsey is a junior at the Granite City High School. The prospective bridegroom is employed by the Hubbell Metal Co. The wedding date has not been set.

FAMILY PARTY AT BRUEGGEMANN HOME

Mr. and Mrs. E. L. Brueggemann, 1312 Eighteenth St., entertained their children, grandchildren and great-grandchildren at a family party at their home last week.

A six o'clock dinner was served in a holiday setting and Christmas gifts were exchanged, many of them from different states in this country and others purchased in Germany by Mr. and Mrs. Robert Brokaw while visiting their son-in-law and daughter, Mr. and Mrs. Tom Crawford, last summer.

Attending the party were Mr. and Mrs. Robert Brokaw and their sons Scott and Van; Mr. and Mrs. Ervin Brokaw, of Reed's Spring, Mo.; Mr. and Mrs. Richard Brokaw of Arlington Heights, Ill.; Jerry Bokaw and children Patty and Jerry, Raymond Brokaw, Mr. and Mrs. Kenneth Brokaw and daughter Ovella, Mrs. Gerald Parmley, son Ross and daughters Cathy and Joan; Mr. and Mrs. Norman Brokaw, and daughters Pam and Becky, and sons Eric and Brian.

FORMER RESIDENTS HERE

Mr. and Mrs. Jerry Cunningham, their son Steven, and Mrs. Cunningham's brother, David Hadaller, of Covington, Ind., returned Monday to their home after a holiday visit with the Hadaller family at 2508 Cleveland Blvd.

MARRIED, Sgt. and Mrs. Ernie L. Long, who were married at Hope Lutheran Church.

Anita Louise Tegel is Bride of Ernie L. Long

Just announced is the holiday wedding of Miss Anita Louise Tegel, a daughter of Mr. and Mrs. Pete Tegel Sr., 2540 Lynch Ave., and Sgt. Ernie L. Long, whose parents are Mr. and Mrs. L. N. Long, 1704 State St.

The ceremony took place Dec. 26 at Hope Lutheran Church in a Christmas setting with the Rev. J. Louis Oetting officiating at 2 p.m.

The attendants were: Pete Tegel Jr., the bride's brother, and Mrs. Brenda Miller, a sister of the bridegroom.

The bride wore a gown of white lace over tulle and carried a bouquet of white carnations centered with yellow. Mrs. Miller was in apricot chiffon. Her flowers were white carnations with pink roses in the center.

Brenda Milton Is Engaged

Mr. and Mrs. Herbert Milton Jr., 2133 Washington Ave., are announcing the engagement of their daughter, Miss Brenda Kaye Milton, to Philip Lee Martin, a son of Mrs. Doris Martin, 2207 Iowa St., and Richard Martin, also of Granite City.

The bride-to-be, who graduated last June from the Granite City High School, is employed in the United Steelworkers Union office. Her fiancé was recently discharged from the U.S. Army Engineer Corps after two years service, 14 months of which were spent in Vietnam. Wedding plans have not been made.

ENGAGED, Miss Brenda Milton, whose betrothal to Philip L. Martin is announced.

BETROTHED, Miss Frances Tilton, a bride-to-be. Her engagement to Richard Haack is announced today.

Frances Tilton Engagement

Mr. and Mrs. Donald Tilton, 2523 Myrtle Ave., are announcing the engagement of their daughter, Miss Frances Tilton, to Richard Haack, son of Mr. and Mrs. Francis Haack, 2002 Cottage Ave.

The bride-to-be completed her studies at the Granite City High School in 1967, and was graduating from DePaul Hospital School of Nursing in St. Louis in 1970. She is presently employed on the staff at St. Elizabeth Hospital.

Freeman-McMillan Betrothal

Mr. and Mrs. Roland McMillen, 221 Briarcliff, are announcing the engagement of their daughter, Miss Barbara McMillen, to Michael Freeman, a son of Mrs. Gladys Freeman, 119 Briarcliff. Wedding plans are indefinite.

The bride-to-be is a senior at the Granite City High School. Her fiancé has just been released from the Army after three years service, two years of which were spent in Thailand.

PATRICK WAYNE BOYER HONORED AT GATHERING

Mr. and Mrs. Anthony Boyer, Rural Route One, entertained weekend guests in their home in honor of their son, Patrick Wayne, who was Christened.

Attending were Mr. and Mrs. Walt Smith of Missouri, the godparents, Mrs. Carol Converse, Thomas Murphy of the U.S. Diplomatic Corps, who was enroute to Lebanon, Edward Murphy, Washington, D.C., Mr. and Mrs. James Reynolds, Mr. Howard Woodford, Misses Deborah and Sandra Woodford, Dennis Reynolds and the honoree's sisters, Kathleen and Laura Boyer.

Petty Officer Myron L. J. Converse of the U.S. Navy in Japan was a godfather by proxy.

FAMILY PARTY AT HENDRICKS HOME

Mr. and Mrs. Raymond Hendricks, 2012 Iowa St., entertained a family group at a holiday party in their home last week.

Those present were Mr. and Mrs. Emil Paul Jr., and children of Edwardsville, Mr. and Mrs. Leo Lindsay and family of Troy; and Mr. and Mrs. James Hendricks and children, Mrs. Richard Fulcheg and daughter Shawn, and David Schofield.

VISITING MOTHER

Lt. Cmdr. and Mrs. Robert J. Davis of Jacksonville, Fla., are here to spend the remainder of the week with the former's mother Mrs. Bethel J. Davis, 2148 State St.

Sister of GC Woman Dies of Centerville

Mrs. Beulah E. Minter, 65, of 1132 N. 7th St., East St. Louis, the sister of a Granite City resident, died Monday at Centerville Township Hospital. Services will be held tomorrow at an East St. Louis mortuary.

Mrs. Minter is survived by her husband, John W. Minter; a son, John A. Minter of East St. Louis; and a brother and two sisters, including Mrs. Clyde (Judy) Eaton of Granite City.

Mrs. Minter said a great deal of emphasis will be placed on work in Madison and St. Clair counties to compensate for work lost during two building seasons because of the fund freeze.

Largest interstate project in the Illinois metropolitan area is construction of Interstate 64 from East St. Louis to Mount Vernon at an estimated cost of \$44 million. The project involves 38 miles of pavement and 26 grade separations and bridges.

Highway Officials Contracted with the Illinois Department of Transportation to build about \$37 million in highway work and improvement projects during the latter half of 1970 for projects that had been delayed by the fund freeze.

Governor Ogilvie described the new program as "an ambitious one."

MORE ABOUT Route 203

will help make up for work lost during the two years of the federal fund freeze on highway funds. The freeze was lifted last June under a program worked out by Governor Ogilvie.

The District 8 funds include about \$76 million for Interstate highway work and from \$25 to \$30 millions in other road building and improvement projects.

Last year's total district work scheduled involved about \$76 million.

Highway Officials Contracted with the Illinois Department of Transportation to build about \$37 million in highway work and improvement projects during the latter half of 1970 for projects that had been delayed by the fund freeze.

Governor Ogilvie described the new program as "an ambitious one."

HIGHWAY CRASH SCENE late Monday afternoon. Emergency vehicles are shown near Illinois Highway 111 and Interstate 270, where a large O'Fallon Gas Co. truck had gone out of control, leaving the pavement of a curving access road northwest of the

11 Hurt in Accidents; Four Victims in One Crash

Four persons were injured in one accident involving four cars and seven others were hurt in ten other accidents reported in and near the Quad-Cities since Monday.

Four drivers were injured when their cars collided on Edgewood Road near McCann bridge Avenue in Madison at 7:50 a.m. Tuesday.

Police said the collision occurred when a station wagon driven by Thomas J. Ryan, 41, of 2211 Edison Ave., northbound on Edgewood Road, collided with the auto of Pete Berta, 58, of 1703 Garfield Ave., southbound on the center lane. The Berta auto, pushed into the outer southbound lane, collided with the auto of David G. Dickerson, 27, of 2605 E. 24th St., police reported. Berta's car then was struck from behind by the auto of David C. Paoli, of 2517 Edison Ave., officers said.

Berta and Ryan were taken by ambulance to St. Elizabeth Hospital where both were admitted in fair condition after emergency treatment.

Berta was treated for a laceration to his right knee, hematoma to the right side of his forehead, contusions and abrasions to his nose, contusions and abrasions to his knees and a chest contusion. X-rays were taken.

Ryan was treated for two lacerations to his chin and a severe concussion to his head. A ticket was issued to Ryan for driving an improper left turn.

Two Persons Injured
Mrs. Frances Baker, 63, of 1613 Tenth St., Madison, and a passenger in her auto, Mrs. Rose Schmitt, 59, of 600 Washington Ave., Venice, were injured when it struck a car driven by Peter J. Peradotti, Collinsville, Madison at 2200 Madison Ave.

Peradotti, who was charged with a right-of-way violation, then jumped the curb and struck the side of a pickup truck owned by Ralph's Service Station which was parked on the station lot.

Mrs. Baker and Mrs. Schmitt were treated at St. Elizabeth's Hospital.

locket at General Steel Industries on Dec. 13.

Venice police are investigating a report by Lester Griffin, 1121 Bissell Ave., that he was robbed of \$157 by two men at the American Legion Post 799, Venice, at 5:50 p.m. yesterday. He said the two men approached him, one hit him in

Edward Simmons, 58, Disabled Veteran, Dies

Edward C. Simmons, 58, of p.m. yesterday at St. Elizabeth 2240 Bern Ave., died at 6:05 Hospital after suffering an apparent heart attack at home at 5:30 p.m.

He was the brother of Appellate Court Clerk Walter "Buck" Simmons of Venice, Venice Postmaster Charles Simmons and Irving "Bajay" Simmons of Venice. Another brother, William Simmons, died in 1960. His son, Edward C. Simmons Jr., died in 1949. He also is survived by his widow, Mrs. Josephine Simmons.

Mr. Simmons was a member of the Teamsters and Chauffeurs Union Local 400 for 20 years and was a member of the Granite City chapters of the American Legion, Veterans of Foreign Wars and Disabled American Veterans. He served in the U.S. Air Force in World War II and was disabled in that war.

Funeral arrangements are given in today's obituary column.

Lawn & Garden

By WAYNE B. SIEFERT
Area Extension Adviser,
Ornamental Horticulture
St. Clair and Madison Counties

White latex-base house paint has become a tool to protect young fruit trees from cold injury during the winter and summer in the summer. White paint reflects radiant energy while unpainted trees absorb the energy. During intense cold a few hours of sunshine can warm the trunk and destroy winter dormancy. Cracking of the bark or complete kill on the exposed side creates an avenue for insects, and diseases and complete loss. Fruit growers normally apply the paint at planting time and again each year until new branches provide natural shade.

"Excess fees were deposited in an unusual way. Budgets and local years have been completely disregarded."

"We, the Town Board of Nameoli Township, feel that the actions of the town clerk have been unanimously supported by the township auditors, and we feel that Briggs' allegations are political maneuvers."

Township Collector Edgar Patrick turned in for the \$15,129 in excess fees. It was noted that this would be the last major allotment from the collection of taxes. New legislation requires that excess fees be divided among all taxing agencies.

Other business, a tentative conference was scheduled for next Tuesday with Sheriff John Maestas to discuss police protection for the township.

A fruit jar containing \$50 was stolen from the front room in a burglary at the trailer home of Donald Strimont, 4734 Lake Drive, Pontoon Beach, he reported to Madison County authorities at 8:45 a.m. Tuesday. The rear door was broken out.

Robert L. Pickrel Jr., 19, of 708 Twenty-Eight St., complained of pains after his auto collided with a dump truck driven by Loy D. Skeen, 2452 State St., at 4:35 p.m. Tuesday at 23rd and A & M streets. Pickrel was charged with passing at an intersection and Skeen was charged with driving without proper lights.

John Carrico, 24, of St. Charles, Mo., was injured in an auto accident about 7 a.m. Tuesday and was taken by ambulance to St. Elizabeth Hospital for emergency treatment. He received 14 sutures for two lacerations to his left knee and was treated for an abrasion to his face, and injuries to his right hand. Details of the accident were unavailable.

the face and held his arms behind him while the other man took his wallet and removed the money.

Bobby J. Smith, 3201 Kirkpatrick Homes, reported Monday that his new left rear tire was stolen from his 1968 auto while it was parked at the housing project.

A fruit jar containing \$50 was stolen from the front room in a burglary at the trailer home of Donald Strimont, 4734 Lake Drive, Pontoon Beach, he reported to Madison County authorities at 8:45 a.m. Tuesday. The rear door was broken out.

Sewer Tap-Ons For Venice Area OK'd by Council

An agreement for tap-ons to the Brooklyn sewers for south area residents of Venice was approved last night at a meeting of the Venice City Council.

It will provide sewer service for 18 homes and the Antioch Baptist Church with sewer lines to be connected to the Brooklyn lines at three points; at the corporation limits, easements are to be arranged by Venice officials.

Mayor Jon Lee said the arrangement is similar to a meeting listing with the City of Madison and provides service at less expense.

During the meeting copies of a staff study of the Venice Police Department conducted by the Field Operations Division of the International Association of Chiefs of Police, was distributed to the aldermen for their consideration.

Lee Plans Conference
Mayor Lee called for a conference of the aldermen, police chief and the police commission on the report after they become familiar with it.

Police Chief Dewey Brawley said some of the recommendations already are being implemented.

The recommendations include reorganization of the department, an increase in the staff from 14 to a minimum of 17 men, assignment of a juvenile officer and an investigator, use of three civilian dispatchers, use of the Madison jail for prisoners and conversion of the Venice jail for other purposes, and updating of equipment.

The council extended the tavern closing by one hour on New Year's Eve, permitting taverns and clubs to remain open until 2 a.m.

A resolution appropriating \$30,000 of motor fuel tax funds for maintenance of streets and highways during 1971 was approved.

A monthly police report showed 14 arrests, including 12 adults and two juveniles, on 19 charges.

Auto Tank Punctured

Melvin Penberthy, 2920 Forest Ave., reported at 9:40 p.m. Tuesday that someone punctured his gasoline tank of his auto, apparently with a knife, while it was parked in his driveway. The car was taken to a garage.

NOTICE OF HEARING ON PROPOSED ZONING CHANGES

NOTICE IS HEREBY GIVEN TO ALL PARTIES CONCERNED, that pursuant to Article 22 of Ordinance No. 1755 of the City of Granite City, Illinois, the City Planning Commission will hold a public hearing in the City Council Room in the City Hall of said City of Granite City, Illinois, at the hour of 1:15 p.m. on the 14th day of January, 1971, at which meeting it will consider a petition for the amendment of Ordinance No. 1755, being the Zoning Ordinance of said City, as same affects the following-described real estate, to-wit:

A certain tract commencing at the southeast corner of the Northeast Quarter of Section 7, Township 3 North, Range 9 West of the Third Principal Meridian, in a Westernly direction along the South line of the Northeast Quarter of said Section 7 a distance of 100' to the point of beginning; thence in a Northernly direction along a line parallel to the East line of Section 7 a distance of 150'; thence in a Northernly direction along a line parallel to the East line of Section 7 a distance of 100'; thence in a Southernly direction along the East line of Section 7 a distance of 150' to the point of beginning.

Said amendment would change the zoning classification of the real estate immediately above-described from an R-1 District to a R-3 District.

This property is also known as 1265 St. Paul, Granite City, Illinois.

Two Advance to Eagle Scout Explorer Post 6 Holds 20th Year Banquet

About 200 persons attended the 20th anniversary reunion banquet held by Explorer Post 6, sponsored by the Concordia Lutheran Layman's League, Tuesday night when two members were advanced to the rank of Eagle Scout.

The two are Carl Earls, son of Mr. and Mrs. Earl Earls, 2637 Edison Ave., and David Shanks, son of Mr. and Mrs. Charles Shanks, 23 Devon Hill Lane.

Conducting the Eagle Court of Honor were Rollin Hahn, president of the Concordia Lutheran Scout Council, and Dr. Stanley Maer, organization and executive chairman of the council.

Keynote speaker for the event was Gene Sternberg, a member of the council executive board and the Region 7 executive council.

Sternberg also is a former council president (1962 to 1964) and serves Region 7 as vice-chairman, National Chairman of the Organizational Relationships Committee and the Boy Scouts National Speakers Service.

He has been active in scouting since 1931. His awards include the Council Oeser, the Silver Beaver and the Silver Anolepe.

Flashback speakers were Don Eckert, Jim Harris, Bill Eaker, Warren Evans and Mike Harlan.

Candlelight ceremonies followed the dinner. Twenty-two candles were lit by 18 Eagle Scouts and four past advisors.

The program also included a 20-year roll call and veterans recognition conducted by Dr. Maer and Sternberg.

Closing remarks were presented by Donald Beck, post advisor, served as master of ceremonies and presented welcoming remarks. Rev. Arvin Twissmeyer, pastor of the Concordia Church, offered the invocation and benediction. The dinner was prepared and served by the Concordia Lutheran Ladies Aid.

Shanks became a Cub Scout in 1961 with Gilbert Watson as cubmaster and earned his Lion Badge. He became a ten-year member in Troop 21 with Harry Tongay as scoutmaster, and earned a Star Scout rating in 1968, joining Troop 6 that year, he became a Life Scout in 1969.

Earls entered Cub Scout ranks in 1962 in Pack 20 under the direction of Rex Buckingham, cubmaster. He advanced from Wolf to Lion, joining Boy Scout Troop 15 in 1964, he

achieved the tenderfoot rank and advanced to Life Scout in 1966 under Scoutmasters Earl McMillan and Russell Lions.

In 1968 he joined Post 6 after a long level hike.

History of Post 6 Explorer Post was organized and chartered in April 1950 through the efforts of Elmer Eckert, Troop 6 scoutmaster, and Ed Weber, institutional representative. Beck, who was assistant scoutmaster of Troop 6, was chosen as scoutmaster.

Five years passed before the post produced its first Eagles—Robert Graf and Tom Tempel. Beck entered the service in 1952, and Robert Kelley served as advisor. He was succeeded by William Lere who remained until 1969.

Advancement in ranks were numerous, and the ground work for an Indian dance specialty was set. Beck again took over the reins in 1960, and in the decade the post was expanded to include cave exploring and extended hikes, in addition to canoeing and camping.

The Society of Red Shields for the Indian dance segment was formed in 1962. In the past 20 years, 173 young men have been members of the post. Thirty-two are Eagle Scouts and 55 have reached Life or Star Scout.

Program on Astro turf

A film on Astro turf, the synthetic grass manufactured by the Monsanto Co., was shown to Granite City Scouts yesterday by Joseph Hughes, a Monsanto senior research specialist, who answered questions from the club members in the product, now in use at 50 athletic stadiums. President John Adams presented and Donald Adams introduced the speaker.

Purse Lost or Stolen

Jan Pospischel, 1628 Delmar Ave., reported at 1 p.m. Monday that her purse was lost or stolen when she set it down at Car's Department Store and forgot to pick it up. It was gone when she returned.

Man Fined \$125, Jailed

Steven Schafer, 21, of 130 Briarcliff, was fined \$100 on a charge of criminal trespass to land and \$25 on a disorderly conduct charge Monday in magistrate court. He was taken to the Madison County Jail.

HOLIDAY VISIT

Mr. and Mrs. Eugene Tondre, 724 North 26th St., entertained their daughter, Spec. 4 Diane Tondre, during the holiday weekend. She returned to her home in the U.S. Army, Sunday evening.

Recently promoted, she is employed at the Pentagon in the home of her sister and brother-in-law, Mr. and Mrs. Roger Knobloch, 221 Lincoln Ave., for a family dinner.

She was in Granite City earlier this month to attend a farewell dinner for her brother, Spec. 4 Eugene Tondre, who was leaving for overseas assignment.

Catholic Charities Aids 73 Families

Quad-City Catholic charities, 2012 Delmar Ave., provided 73 food baskets to needy families in the area for Christmas.

Contributing to the food baskets were A. O. Smith, Army Depot (Fire Department), Social Studies class from Granite City High School, Cub Scout Pack 18, Girl Scouts, St. Elizabeth Catholic Church, Young Men's Home Makers Extension Club.

The meat for the baskets was bought by Tricity's Children's Press-Record.

Toys were distributed to 91 children through the help of the Knights of Columbus, Marine Corps and Granite City Trust and Savings Bank.

Vandals Break Window

Vandals threw a brick through a front window at George's Thrift Market, 1206 Madison Ave., Madison, leaving a 10 inch hole in the window. The damage was reported at 8 a.m. Monday.

Buy Gasoline, Leaves

An attendant at Curt's Service Station, 1817 Madison Ave., reported at 6:05 p.m. Monday that a driver in a 1960 auto ordered \$3 worth of gasoline and left without paying for it.

EAGLE COURT OF HONOR conducted during the 20th anniversary banquet of Explorer Post 6. In the ceremony are, left to right, Dr. Stanley Maer, Donald Beck, Charles Shanks, Eagle David Shanks, Mrs. Shanks, Mrs. Earl Earls, Eagle Carl Earls and Earl Earls.

MORE ABOUT Engineers

The Granite City treatment facilities.

A letter from Granite City School District Nine officials regarding earlier remarks by school board member "Chatterbox" conditions had contributed to the hazard of fire at Granite City High School was received and filed without comment.

The letter, signed by School Supt. B. J. Davis, was accompanied by a fire inspection report which gave the school a "clean bill" a week before the high school fire Nov. 20.

At the request of Alderman Thomas Boker of Ward Seven, the council agreed to a hearing on a proposal by the Salvation Army to construct a new building on Johnson Road. Boker asked that the hearing be conducted to learn details of the project.

He told the council that a financial drive is planned to be given next month. He said he had seen a petition containing 234 signatures opposing construction of an "activity center."

"If it is going to be a church, then that is okay with me," Boker said, adding that "if it is going to be an activity center, that is something else again."

He asked that the hearing be held immediately by the city council's Zoning and Planning Committee.

Alderman Sam Whitmer presented a motion that the city's wheel tax stickers for the 1971-72 year be designed from the city flag. The suggestion was approved.

A motion by Whitmer that the city seal close all offices at noon Monday, New Year's Eve, also was approved.

MORE ABOUT Two Girls

grade pupils at Parkway elementary school. Neither girl appears worse for her experience today. "Terry" doesn't seem to even have the sniffles."

Mrs. Varady said this morning.

Parents are cautioned not to allow children to venture onto the surface of ice covered ponds. Special emphasis should be made about playing on ice in isolated areas, such as drainage ponds and sloughs, authorities said.

Further weakening of surface ice is anticipated today with temperatures expected to rise to 16 degrees. Tuesday's temperature climbed to 35 degrees.

Shoplifting Charged

Barbara Sue McDonald, 32, of 223 Delmar Ave., was arrested on a shoplifting charge at the A&P Market, 20th Street and Madison Avenue, at 4:20 p.m. Monday. She was released on notice to appear.

Contributions to the Salvation Army's "Tree of Lights" campaign today stands at \$8,637, still \$117 short of the \$9,000 goal, according to Lt. Pat and Pam Hiller, Beckie Brokaw, Debbie Williams, Donna Macios, Karl Foster and Claudia Schwendeman.

Group members meeting on State street near Wilson Park, who received donations amounting to \$104.00 were Karen Gabriel, Lou Houser, Dawn Davis, Dan Olan, Robin Holshous, John Liddner, Tina Fenlon, Carol Jesse, Liz Adams, Randy Davis, Mark and Wayne Hannah, John Alsop, Kenny Nolan, Kevin Lewis, Tim Zenik, John Lignoul, James Boone, Gary Vaughn and Kenny Crawford.

Renamed Chairman

Frederic M. Peirce, St. Louis, has been redesignated by the Board of Governors of the Federal Reserve System as chairman of the Board of Directors of the Federal Reserve Bank of St. Louis and Federal Reserve Agent at the bank for the year 1971. He has served in these capacities and as a director of the bank since May 11, 1966. Mr. Peirce is chairman and Chief Executive Officer of the General American Life Insurance Co. of St. Louis.
